

They Live—to Sail for Us Again

Their collier blown up by a mine along the east coast, some of crew swim for rescue ship as comrades are picked up by lifeboat from merchant ship convoy. Keel of sinking craft is in background.

"Refugee" Spy Is Found on Exchange Ship; Faces Trial

Was To Have Furnished Information of U. S. War Movements

Newark, N. J., July 10.—(AP)—Swift prosecution of a German spy suspect seized in an attempt to slip into the United States by posing as a Jewish refugee was expected today after he is arraigned on charges of espionage.

The prisoner, Herbert Karl Friedrich Bahr, 29, an American citizen through the naturalization of his late father, was seized by the FBI aboard the diplomatic exchange ship Drottningholm.

The arrest of Bahr, who was educated in Buffalo, N. Y., schools and at Rensselaer Polytechnic Institute, Troy, N. Y., resulted from a thorough investigation of the refugee liner, 300 of whose 942 passengers from Europe still are being questioned on Ellis Island.

"Bahr admits having been enlisted by the German espionage service during October, 1941, as an espionage agent for the purpose of returning to the United States and securing and transmitting to Germany information pertaining to the war effort of this country," Assistant FBI Director P. E. Foxworth said in New York.

Had U. S. Currency

In a simultaneous announcement of the arrest, FBI Chief J. Edgar Hoover said in Washington that the Gestapo had instructed Bahr in the art of spying as well as in writing with secret invisible inks and had given him various addresses in Spain, Switzerland and South America where he was to send the reports of his activities.

Hoover said \$7,000 in U. S. currency found on Bahr was to be used for his transportation, for

Plan for Nation-Wide Protest by Owners of All Rental Properties

Seattle, July 10.—(AP)—Landlords united at a mass meeting last night to protest rent-fixing policies of the Office of Price Administration. They hope to make the action nation-wide.

The protest was against the freezing of rents in the Seattle-Tacoma area at the levels of 15 months ago.

Floyd Oles, manager of the newly organized civic housing association of rental property owners, informed the 1,800 landlords that he had wired representatives in 24 other cities, where rents also were frozen at the April 1, 1941 level, asking them to join in a protest meeting July 20 in Chicago.

Three-Woman Team, Weight 681 Lbs., Sing as They Load 65-Pound Shells

Aberdeen, Md., July 10.—(AP)—A three-woman team, combined weight 681 pounds, sing as they load 65-pound shells used in testing ammunition and big guns for the Army.

The trio are pals, self-described as the merriest group at work at the Aberdeen proving ground, which in the last 90 days has added several hundred women to test war materials.

There was sound of hefty song as an unannounced inspection group approached a powder house which they hold down.

Hmm—Company," announced

The War Today!

By DEWITT MACKENZIE
Wide World War Analyst
(Telegraph Special Service)

Public anxiety over the prospects of a second front in western Europe naturally has increased as the result of the dangerous position created by Hitler's million-man onslaught in the Don river zone against Red troops who are making such a magnificent effort to carry out the admonition to give "not one more step backwards."

Many inquiries are coming my direction and it is even urged that this column indicate how an invasion of the continent would be carried out. Well, in the first place all we know about the time is that a front is to be set up at the earliest feasible moment. We mustn't be impetuously impatient.

As to how it will be achieved, one recalls the remark of a British naval officer recently that "I can promise you the invasion will not come in the way everyone expects." Anyway it presents a new problem, for no comparable operation has been carried out under conditions of modern warfare. We can say that it will be one of the most dangerous and difficult undertakings in all military history.

We know in advance that the anxious Hun is forearmed. The position undoubtedly is as succinctly described the other day by a German high command spokesman: "We are expecting an invasion."

Poll Shows Most of Congressmen Oppose Federal Sales Levy

Washington, July 10.—(AP)—First returns from a poll of the house showed today a majority opposed to consideration of a sales tax when the new \$5,000,000,000 revenue bill reaches the floor for debate next week.

Rep. Robertson (D-Va.), who sent all members a brief questionnaire yesterday inquiring whether they would like an opportunity to vote on a 5 per cent retail sales tax which would raise an additional \$2,500,000,000, had received less than 50 replies but a majority had answered "No."

Chairman Doughton (D-NC), expressed the hope that the house ways and means committee would be finished with final consideration of the 324-page bill by tomorrow night so that it could be brought to the floor Tuesday.

Sardonic

Alexandria, Egypt, July 9.—(AP)—(AP)—British Navy flyers, operating over the Egyptian desert, teased the sun-parched Germans today by dropping 12 cans of American beer behind the Nazi lines with the following sardonic note attached to Field Marshal Erwin Rommel:

Three-Woman Team, Weight 681 Lbs., Sing as They Load 65-Pound Shells

Mrs. Elizabeth Jones of Baltimore, (225-230 pounds) to her teammates, Mrs. Florence Wockenfuss, also of Baltimore, (231 pounds) and Mrs. Viola Testerman of Pilesville, Md., (225 pounds).

Mrs. Jones sat at a wooden desk beside a neat square of loaded shells each standing nearly two feet high.

Even big as she was—and Mrs. Jones was big and jolly in a dark blue playsuit—how could she handle those big shells? "What—this? Easy," said Mrs. Jones. She reached around and picked up one as casually as a lesser woman would hoist two pounds of butter.

Ousted Commander of German Armies in Russia Restored

London Daily Mail Says Marshal von Brauchitsch is Recalled

London, July 10.—(AP)—The Daily Mail published a report today that Adolf Hitler had called back his ousted army commander in chief, Field Marshal Walther von Brauchitsch yielding to the insistence of his high command.

There was no confirmation of this report, which came from the newspaper's Stockholm correspondent, who said it was brought by neutrals arriving in the Swedish capital from Berlin.

Von Brauchitsch, who engineered most of the Nazis' conquests, was supplanted as commander by Hitler himself last Dec. 22.

The Daily Mail report said he was back again, directing the general staff work of the new German offensive in Russia.

Ever since the announcement last December that Hitler had assumed the military leadership of his armies, following the dictates of his "intuition," there have been recurring rumors of drastic shake-ups in the Nazis' top military command.

The replacement of Von Brauchitsch, when the Germans were stalled before Moscow and beginning to feel the terrible hardships of the Russian winter, has been the only major shift officially announced, however.

Rumors of Von Brauchitsch's reinstatement to Hitler's good graces, if not to his former high position, have been recurrent.

Reports reaching Switzerland from Germany last March indicated that Hitler, apparently convinced that he could not direct his war alone, had summoned Von Brauchitsch and others, at least for consultation.

At that time, Germany's high command probably was laying out plans for the great offensive which

(Continued on Page 6)

Chinese Recapture Important Position

Chunking, July 10.—(AP)—The Chinese high command announced today the recapture of Chungshu, 45 miles southwest of Nanchang, in a new repulse of the Japanese and a sharp setback of the invaders' latest push along the Kiangsi rail line to Hunan province.

Also recaptured, the Chinese said, was the town of Tsungjen, 70 miles south of the Japanese base at Nanchang.

The high command confirmed Chinese dispatches which reported yesterday that a Japanese force of 30,000 had been ambushed and beaten back to the north and east in heavy fighting in Kiangsi.

The first fruits of that repulse were the recapture of Nanchang, Ihwang and Poyang, into which Japanese columns had stabbed from Nanchang and the Chekiang border to the east.

The Chinese gains took on an even larger significance with the reported recapture of Tsungjen, where the Japanese had driven south toward Kwangtung province, and Changshu, where the invaders had reached the Kiangsi-Hunan railway.

The Japanese had taken Changshu early this week in the start of a new phase of their apparent campaign to establish a rail route from Shanghai to Singapore. Their conquest through Chekiang province and into Kiangsi gave them lines from Shanghai to Nanchang.

Furious Battle Raging Along Don

Nimitz, Commander of Pacific Fleet, in Fatal Plane Crash

Admiral Not Seriously Hurt; Plane's Pilot Killed, Navy Says

Washington, July 10.—(AP)—The navy reported today that Admiral Chester W. Nimitz, commander-in-chief of the Pacific Fleet, recently "escaped serious injury," in an airplane crash on the west coast which cost the life of the plane's co-pilot.

Nimitz, normally in the Hawaiian area, was on the mainland for a meeting with Admiral Ernest J. King, commander-in-chief of the U. S. Fleet and to receive from King the distinguished service medal for his conduct of naval operations against the Japanese, particularly the Coral Sea and Midway actions.

The plane crash in which his life apparently was gravely endangered occurred, the Navy said, "at an airfield at a west coast port of the United States."

The co-pilot killed was Lieutenant Thomas Morton Roscoe, 29, of Oakland, Calif. He is survived by his widow, Mrs. Ruth B. Roscoe.

The navy said that several passengers were "slightly injured" and described Nimitz's injuries as minor and insufficient to cause any interruption of his journey.

Nimitz, 57, who has been commander-in-chief of the Pacific Fleet since the relief from that assignment of Admiral Husband E. Kimmel, received this citation from King:

"For exceptionally meritorious service as Commander-in-Chief, U. S. Pacific Fleet, in that position of great responsibility he exercised sound judgment and decision in his employment and disposition of units of the Pacific Fleet during the period immediately following our entry into war with Japan. His conduct of the operations in successful actions against the enemy in the Coral Sea in May, 1942, and off Midway Island in June, 1942, was characterized by unfailing judgment and sound decision, coupled with skill and vigor. His exercise of command on all occasions left nothing to be desired."

Reds Bomb German Bases in Northern Norway and Finland

Moscow, July 10.—(AP)—Bombing German airdromes in northern Norway and Finland, the Red air force has inflicted heavy new damage on the bases from which German planes have been raiding ports and shipping of the Arctic supply line to Russia, war front dispatches reported today.

The raids followed the Russian torpedoing of the powerful German battleship Tirpitz as it led a cruiser and destroyer force in an attempted attack on an allied convoy bringing Russia supplies from England and the United States, the Russian accounts said.

One force of Russian planes, striking simultaneously at several airports, was said to have destroyed 30 German bombers and fighters, damaged 27 others, burned a hangar and damaged a warehouse.

The Russians said none of their own planes was lost.

Racing Resumed in Alexandria, Egypt

Alexandria, July 10.—(AP)—Horse racing is to be resumed here this week end after a temporary interruption caused by the thrust of Field Marshal Erwin Rommel's axis divisions to within 65 miles of Alexandria. It's a year-around sport of the city.

EDITORIAL

MORE PARKING SPACE

The federal offer of W. P. A. money suggests a way in which more parking space could be provided for Dixonites and visitors. Remove the sidewalks from around the court house square, add that space to the streets and rebuild the sidewalks inside the present walls surrounding the square.

These elevated walks would be attractive. Benches placed at intervals would add to the comfort of visitors.

The added space gained in the four streets surrounding the court house would permit "head-on" parking and make room for hundreds of automobiles, thereby relieving the greatly restricted parking conditions in Dixon. The co-operation of the Lee County Board of Supervisors would be necessary for this improvement but we feel sure the county board would give its sanction to a move which would give comfort and hospitality to visitors at the county seat.

The above editorial appeared in the Dixon Evening Telegraph two years or more ago. Now the stone wall enclosing the lawn has undergone repairs at considerable expense. What a pity when extra space for parking is so badly needed. The added expense would not have been great for benefits received. This was, indeed, an opportune time.

Sugar Bonus

Washington, July 10.—(AP)—You can now buy your extra 2-pound "bonus" allotment of sugar by presenting ration stamp No. 7 to your grocer.

The stamp became valid this morning. OPA announced, and may be used until midnight of Aug. 22, as authorized by OPA last week.

The sugar purchasable with stamp No. 7 is in addition to the regular rations provided by stamps No. 5 and No. 6. No. 5, also good for a 2-pound purchase, may be used until midnight July 25, after which stamp No. 6 may be used until midnight Aug. 22.

Score of Miners Killed by Blast in West Virginia

Morgantown, W. Va., July 10.—(AP)—Rescue workers early today located the bodies of 20 men from the Pursglove Company's No. 2 mine, where an explosion and a fire had trapped two crews of miners four and a half miles inside the workings.

Officials indicated it would be only a matter of hours before the bodies of the men, killed in the blast late yesterday, were taken from the mine.

Company officials said 70 of the mine's 300 employees were inside at the time of the blast and that 26 men had been definitely checked off as safe. Many others, however, began aiding the rescue work without reporting their escape.

Silent Crowd Gathers

Within a few minutes after the blast, a silent crowd, including wives and children of the trapped men, gathered to await eagerly the bits of news which rescuers might report.

Hampered in efforts to reach the blasted area because of fire, rescue workers believed the explosion victims had been trapped somewhere under the state of Pennsylvania. They explained that the mine, one of the newer operations in the rich Scott's Run field in northern West Virginia, is close to the West Virginia-Pennsylvania line.

About a year ago, No. 2 mine received a U. S. bureau of mines award for producing more than 3,000,000 tons of coal without a fatal accident.

Operation Fails to Save Malformed Baby

New York, July 10.—(AP)—A premature baby born with malformed esophagus but given an even chance to live after an emergency operation died today after six days of life.

The infant, one of twin girls born to Mrs. Irene Salcedo, 19, on Independence Day at Bellevue hospital, was found to have a gullet which ended in the windpipe.

Surgery performed Tuesday night freed an end of the food canal which then was drawn through an incision on the chest, the baby being fed through the exposed opening.

The Weather

FRIDAY, JULY 10, 1942

Chicago and Vicinity: Slightly cooler tonight. Little change in temperature Saturday forenoon, gentle winds.

Illinois: Thunderstorms in extreme south tonight; little change in temperature tonight and Saturday forenoon.

LOCAL WEATHER

For the 24 hours ending at 7 a. m. today—maximum temperature 68; part cloudy, precipitation trace.

Saturday—sun rises at 5:40 (Central War Time), sets at 8:30. Sunday—sun rises at 5:41; sets at 8:31.

Nazi Plotters May Know by Tomorrow if They Must Die

Trial of Eight Alleged Saboteurs Speeded Up This Morning

Washington, July 10.—(AP)—The two big vans carrying eight accused Nazi plotters to their life or death trial swung into the justice department courtyard 45 minutes earlier than usual today as the secret proceedings moved one day farther toward a decision on their fate.

Whether the early arrival meant a stepping up of the trial's gait or whether it was just another maneuver to evade the curious was only one of many questions left unanswered by the military commission's policy of almost airtight secrecy.

Few of those connected with the trial were seen to enter the walled-off area on the fifth floor of the justice department building where the commission is sitting. Apparently the officials came through a maze of inner offices or by private elevators.

War information officials continued their efforts to expand the information available to the public, perhaps by securing the release of two bulletins daily.

First Break Comes

The first break in the barrier against publicity which was raised in the interest of national security came late yesterday with the issuance of two brief statements by Maj. Gen. Frank R. McCoy, president of the seven-member trial commission.

The information was limited to a disclosure that the proceeding began on Wednesday with disposal of some "preliminary procedural motions"; that seven witnesses testified during the first two days, and that all participants were sworn to secrecy.

It took a determined effort by Elmer Davis, recently appointed OWI director, and a conference among President Roosevelt, Secretary of War Stimson and Davis to wrench that much loose.

The military kept a firm grip on the information to be released by providing that it could come only from General McCoy.

May End Saturday

There were indications that the case being unfolded by the prosecution might have reached the stage of telling the story of the chase and capture of the German-born prisoners, who were trained in sabotage at Berlin.

An official who may have been familiar with prosecution plans

Illinois Failed to Meet June War Bonds, Stamps Sale Quota

Chicago, July 10.—(AP)—Announcing that the state failed to meet its June war bond and stamp sales quota by nearly 15 per cent, Norman B. Collins, administrator of the Illinois war savings staff, asserts "Illinois must put on the steam during July."

He disclosed that total sales were \$55,835,000 against a quota of \$65,409,000. The July quota, he said, "has been raised to \$85,000,000, which means that \$20,000,000 more sales in war securities must be accomplished in July than in June."

While the state fell short of its June goal, Collins said the figure was \$3,000,000 in excess of May sales, was more than six per cent above the national performance, and was the best percentage showing among these three high population states—New York, Pennsylvania and Illinois.

350th Vessel Sunk in West Atlantic

(By The Associated Press)

The Navy today announced the sinking of a U. S. cargo ship off the coast of South America with the loss of 11 members of its 29-man crew, bringing to 13 the number of United Nations' vessels reported this week as destroyed by enemy U-boats in the western Atlantic.

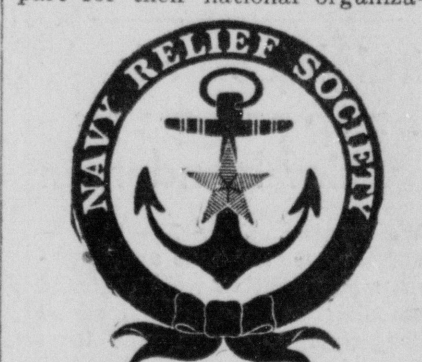

The torpedoing raised the unofficial Associated Press tabulation of allied and neutral cargo vessels sunk in Atlantic waters since Pearl Harbor to 350.

It was the 23rd sinking reported in waters off South America since December 7.

At a Gulf coast port, survivors said that their ship had been torpedoed by a large axis sub, apparently powered by a Diesel engine. The sinking occurred early in the morning of May 4.

Contributions for Navy Relief Total \$284 at Noon

At noon today Dixonites had contributed \$284 toward the quota of \$1,000 for the Navy Relief Society and the close of the campaign tomorrow night may reveal that the citizens of the community have failed to do their part for their national organization.

tion, conducted by the Navy itself, which renders aid to dependents of men of the service who die in action.

The local drive will culminate in a tag day tomorrow.

Here's News; Florida Alligator Attacks Man

Tampa, Fla., July 10.—(AP)—It's no use telling Earl Brandhurst that an alligator won't attack a man—he wouldn't believe you.

Brandhurst's leg was nabbed by an eight-foot alligator while he was working with a mosquito control crew in a pond at MacDill Field.

His yells brought a fellow worker, Wayne Palmer, who slammed the alligator with a 10-gallon spray until it released its grip. Palmer and two other workers carried Brandhurst to the MacDill Field hospital where an examination showed severe lacerations but no broken bones.

The alligator later was dispatched by other members of the work crew in novel fashion—a charge of dynamite lashed to a long pole.

It was the only case ever reported here of a man being attacked by an alligator.

Assistance

Sedalia, Mo., July 10.—(AP)—Eleven husky shop workers finished their night-shift jobs, then dropped in at the farm of Emmett Bohon and shocked 35 acres of oats before noon.

They refused to take pay from the surprised Bohon, and said all 1,000 Missouri Pacific shop employees have volunteered to help short-handed farmers of the community during harvest season.

U. S. Navy Men Die in Sea in Order That Wounded May Have Boat Room

San Francisco, July 10.—(AP)—U. S. Navy men leaped overboard from over-crowded whaleboats and sacrificed their lives in the battle of the Coral Sea, to make room for the wounded, two survivors of the U. S. naval tanker Neosho disclosed.

The story was related in an interview by E. A. Flaherty, 22, electrician's mate, 3rd class, St. Louis, Mo., and by D. J. Nelson, 22, signalman, 3rd class, Laurel, Mont.

They were on the Neosho when she was blasted by Japanese bombs last May 5. Flaherty related that all hands were ordered

Nazis Attempt to Widen Wedges Into Red Defense Lines

Germans Pour Masses of Fresh Men and Tanks Into Offensive

By ROGER D. GREENE
Associated Press War Editor

Adolf Hitler's invasion armies have swept across the upper Don river at several points, Soviet dispatches acknowledged today, which the Red armies are battling a dangerous new thrust into the Rossosh sector 100 miles south of Voronezh on the Moscow-Rostov railway.

The Nazi advance across the upper Don, 10 miles west of Voronezh, came after the Russians reported they had beaten off a series of violent assaults and inflicted bloody losses on the enemy.

Front-line dispatches said furious battles were developing on the east bank of the river as the Germans attempted to widen their wedges into Red army defense lines.

The bulk of the fourth German tank army was said to be massed on the west bank to reinforce the offensive against Voronezh.

A bulletin from Hitler's field headquarters declared broadly that Russian forces in retreat were being pushed "on a broad front" in the south—evidently referring to the Voronezh and Rossosh sectors.

"Local resistance was broken," the Nazi command asserted. "Enemy attacks supported by tanks to relieve pressure northwest of Voronezh broke down with heavy casualties."

The Nazi high command still failed to reiterate its claim, however, that Voronezh had fallen.

Some Experts Fear Inflation Control System is Failure

Say Firmer Measures Are Inevitable to Stabilize Prices

BY CLAUDE A. JAGGER
Associated Press Financial Editor
New York, July 10—(AP)—Are inflation controls holding?

Some Wall Streeters doubt it. In the past two days, buyers have given the stock market its busiest trading of the year, boosting leading shares \$2 to \$4 or more. Meanwhile, wheat prices were bid up around 5 cents a bushel at Chicago.

At the same time, others pointed out that President Roosevelt's seven-point program for keeping prices down was announced only last April 27, that Price Administrator Henderson's retail price ceiling was clamped down only May 18. While some adjustments, and some apparent wavering may appear, they said, control is so vital that firmer measures are eventually inevitable, if needed.

Only last Wednesday, Jesse Jones, secretary of commerce and federal loan administrator, warned that price inflation would "lead to ultimate bankruptcy—national and individual".

Three recent developments were mentioned in Wall Street as leading to speculation that price controls may be cracking:

1. Recommendation of a War Labor Board panel that a plea for a \$1-a-day wage increase by workers in four so-called "Little Steel" companies be granted. The panel's recommendation still has to be decided by the board.

2. Approved by the Office of Price Administration of increased prices of canned and frozen fruits and vegetables.

3. Passage by the senate of a bill to permit full parity loans to farmers on six major crops. This would bring the loan value of wheat, for instance, up to \$1.34 a bushel. July wheat closed in the Chicago pit yesterday at 1.21½. To become law, the measure still must pass the house, and be signed by the president.

Canadian Prices Stable
Cost of living figures for Canada show stability since price ceilings were inaugurated late last year. The latest figures available from the bureau of labor statistics for the United States

show the cost of living in early June actually was a shade below the date when the retail price ceiling was fixed.

The big inflation problem, as seen by Commerce Secretary Jones, Price Administrator Henderson, and others in Washington, is mounting purchasing power in time of growing limitation of the amount of goods available to be bought.

Jones said that in 1943 the American people would have about \$30,000,000,000 more income than the value of things for which money can be spent. "If we permit that amount of money to run wild," he asserted, "it will cause very great damage to our whole economy".

Treasury experts recommend pulling much of this money back through taxation and sale of war bonds to the public. The new tax bill, still under debate in congress, is \$2,700,000,000 short of the treasury's requested goal.

Cost of living in the United States, as based on the U. S. bureau of labor statistics index for wage earners, showed in early June an increase of about 16 per cent over the 1935-39 average.

Straightjacket Is Proposed for Chief Henderson

Washington, July 10—(AP)—Members of a senate appropriations subcommittee were reported fashioning today a financial straightjacket which might keep Price Administrator Leon Henderson from blocking sharp increases in the prices of such staple commodities as bread and canned vegetables.

Likely to be offered in the form of a limitation, the proposal would prohibit the use of any of this year's OPA operating funds to place ceilings on processed agricultural articles that did not reflect the 110 per cent of parity fixed by congress as the lowest point at which Henderson could step in and control prices.

Senator Thomas (D-Okla.) said an amendment of this nature was certain to be offered to the \$1,808,000,000 supplemental appropriations bill now before the committee. He predicted majority support for it.

The committee has heard complaints this week from farm organizations that in his efforts to curb rising living costs Henderson has ruled that bread, for instance, does not fall within the field where congress prescribed the administrator's authority.

May Increase Funds
Henderson has made no attempt to control the price of wheat, since it remains below 110 per cent of parity, a figure calculated to give farmers a return equal to that of a past period, usually 1909-14.

But the farm representatives were said to have protested that ceilings placed on bread and other such processed commodities ignored a section of the price control act which states that prices fixed for processed articles must reflect the 110 per cent parity figure. The result was, they argued, that the prices of basic crops were kept down contrary to congress' expressed wishes.

While Thomas said he had no doubt that a limitation such as that suggested would be adopted, he predicted the committee would make "rather liberal" increases in OPA operating funds over the \$75,000,000 previously voted by the house.

The United States Employment Service in Illinois is recruiting farm workers. The aim is to supply farmers with adequate help to enable them to meet war-time food production responsibilities. Farm workers are urged to cooperate by registering at the local office of this Federal Employment agency.

ORCHID TEA
Lower classes of Venezuela use orchids to brew tea. Orchid tea is a common beverage among domestic, and is thought by them to be a sure cure for colds.

Hospital News
Mrs. Luella A. Sibigroth, Earlville, submitted to major surgery Wednesday morning.

Scott Wallace, Troy Grove, was admitted Tuesday afternoon for medical treatment.

Mrs. Henry Walzer returned home Tuesday.

Personals
Mrs. Adolph Rave and children are visiting relatives in Detroit, Mich., this week.

Miss Clara Erbes, Mrs. Eva Erbes, Mrs. Frank Fassig and Miss Lillian Erbes, who has been visiting at the home of her mother, Mrs. Eva Erbes, for the past week, motored to Aurora Tuesday, where they were guests at the home of Mr. and Mrs. Norman Buhrman. Miss Erbes returned to her home in Dubuque, Iowa, Tuesday evening.

Donald Wolfe, has been a guest for the past week at the home of his mother, Mrs. Ada Wolfe, returned to his home in Bridgeport, Conn., Wednesday.

The Thursday afternoon home nursing class and instructor, Mrs. Paul Jacob, enjoyed a pot luck supper at Lake Mendota Wednesday evening.

Mrs. Mae Landgraf, Seneca, and William Landgram, Birmingham, Ala., were guests Sunday at the home of Mr. and Mrs. Arthur Landgraf.

Mrs. Helen Trout visited from Saturday until Tuesday with her mother, Mrs. Knox in Missouri.

Army to Take Over Stevens, Congress Hotels in Chicago

Chicago, July 10—(AP)—Residents of two huge Chicago hotels—the Stevens, largest in the world, and the Congress, lodging place of nine presidents—today began looking about for new quarters as the government prepared to take over the buildings Aug. 1 to house Army Air Corps personnel.

Federal Judge William H. Holly yesterday signed an acquisition order after the U. S. District Attorney's office filed condemnation proceedings at the request of the secretary of war.

The petitions stipulated they were needed for war purposes, that they would be occupied by the army until June 30, 1943, and that rental rates would be determined later by Air Corps officials and the owners.

4,000 Rooms Available
Sited on Michigan avenue at Balbo Drive, the Stevens has 3,000 rooms, but a spokesman estimated it could accommodate 10,000 trainees. The Congress, on Michigan avenue at Congress street, has 1,000 rooms and could provide quarters for 5,000 officers and men. Both have ballrooms that could be used for classes. Grant Park, across the boulevard on the Lake Michigan shore, could be used for drills.

The Stevens, built in 1927 at a cost of \$27,000,000, has been the site of hundreds of conventions and was the headquarters of party chiefs during national political conventions.

The Congress, built in 1893 and enlarged in 1902, lodged at various times Presidents Taft, McKinley, Cleveland, Theodore and Franklin Roosevelt, Wilson, Harding, Coolidge and Hoover.

In April, 1941, average output of military airplanes in the United States was 47.6 daily.

Farewell Party

Those present to bid Robert farewell were Mr. and Mrs. John Russell and son, Mrs. Florence Russell, Russell Hicks, Mr. and Mrs. Marvin Josephson and son, Mr. and Mrs. Charles Josephson, Mr. and Mrs. Max Pope, Mr. and Mrs. F. W. Eisele, Mr. and Mrs. Joe Kent, all of Dixon; Mr. and Mrs. George Jacobs and daughter of Amboy; Mr. and Mrs. Robert Morris and children, Mrs. Anna Hicks of Sterling; Miss Shirley Johnson of East Moline; Mr. and Mrs. Edward Blackburn and family, Mr. and Mrs. P. F. McCarter, Mr. and Mrs. John Dimmig and son, Mr. and Mrs. Ralph Lutz and children, Mr. and Mrs. Lewis Bontz and son, Mr. and Mrs. Kenneth Bontz and son, Mr. and Mrs. Joe Smallwood and sons, Mr. and Mrs. Frank Hicks, Rev. and Mrs. Frederic Ball and sons, Mr. and Mrs. Will Kranov, Mr. and Mrs. Frank Rhodenbaugh and daughter, Mr. and Mrs. Harold Peach and daughter, Mr. and Mrs. Orville Hopkins and son, Mr. and Mrs. Charles F. Kent and daughter, Mr. and Mrs. Roy Hicks and daughter, Martin Okland and children, Harold and Billy Jack Deitz, Mrs. Pearl Charvat and the John Hicks family, all of Harmon.

On Vacation

Roman Malach and daughter, Mary left Tuesday morning for a tour through northern Minnesota to enjoy a ten day vacation.

Brooks Reunion

Relatives and friends of Mrs. Emma Brooks honored her with a splendid picnic dinner which was well attended and enjoyed by all on Sunday at Lawrence park in Sterling. After the picnic dinner a social afternoon of visiting and games passed an enjoyable day. Those present were: Mrs. Brooks, Mr. and Mrs. Leon Brooks and children of Dixon; Mr. and Mrs. Ray Brooks and Mrs. Marian Mumma of Grand Detour; Mr. and Mrs. Roy Lorenz and Miss Marie Brooks of Chicago; Mr. and Mrs. Roy Brooks and Miss Donna and

Climbing King

Clasping British Hurricane model built by RAF mechanics, Iraq's King Feisal II is helped from palace roof where he found gift resting in stork's nest on his 7th birthday.

Vayda Brooks of Sterling; Mr. and Mrs. Thomas Hasselburg of Rock Falls; Mr. and Mrs. I. H. Perkins and Mr. and Mrs. Frank Knoll and children of Harmon.

Hostess to Home Bureau

Mrs. Frederic Ball, assisted by Mrs. Alvin Behrendt, entertained nine members and three guests of the Harmon unit of the Home Bureau on Wednesday afternoon. The meeting was called to order by the chairman, Miss Lenora Kofoed. The major lesson on "Mental Health and Hygiene" was given by Mrs. Alvin Behrendt and Mrs. William Deitz.

During the business session officers for the ensuing year were elected with the following ladies being chosen: President, Mrs. Alvin Behrendt; vice president, Mrs. Joe Smallwood; secretary, Mrs.

George Ross; treasurer, Mrs. Rose Hoffman; local leaders, Mrs. Will Deitz and Miss Lenora Kofoed; minor leader, Mrs. Melvin Johnson; health chairman, Mrs. John Hicks and song leader, Mrs. Frederic Ball. Plans were made for the annual picnic to be held next month. Visitors were: Mrs. Adams, Mrs. Gale and Evelyn Behrendt. Lunch was served by the hostess.

St. Ann's Society

The regular monthly meeting of St. Ann's society of St. Flannan's parish was held Wednesday afternoon with a very good attendance and the newly elected officers were installed. Plans were made to solicit donations from the parishioners instead of holding the annual chicken dinner. Cards were played, high prizes to Mrs. Margaret Byrnes. Lunch was served by the retiring officers, Mrs. Joe Payne and Mrs. Chris Blackburn.

Enlisted in Navy

Paul Fane, son of the William Fanes enlisted in the U. S. Navy and has returned home for a week's furlough before beginning active service.

Personals

Rev. and Mrs. Ralph Kofoed and family of Erie spent the Fourth of July with his sister, Lenora Kofoed.

Mr. and Mrs. Leo Ridge and family of Sterling spent Tuesday with her parents, Mr. and Mrs. George Ross.

Mr. and Mrs. A. B. Clatworthy, Mr. and Mrs. Charles Hill, Mr. and Mrs. Emmitt Johnson, Mrs. George Long, Mrs. Lloyd Considine and Mr. and Mrs. Will Deitz of here attended the funeral of Vernon Perkins in Amboy Tuesday afternoon. Following services at the undertaking parlors the body was brought here to the Methodist cemetery for burial.

Staff Sgt. John Blackburn of Camp Polk, La. and his parents, Mr. and Mrs. John E. Blackburn visited the Fourth with Miss Gertrude Blackburn in Sterling. John returned to camp Wednesday.

Mr. and Mrs. Roman Malach were Sunday evening dinner guests at the Palen home in Dixon.

Farewell Dinner

As a farewell gesture about 100 neighbors and friends gathered at

the John Hicks home south of Harmon Sunday noon to render Robert Hicks that while he is serving in Uncle Sam's army as leaves a host of friends at home. At the noon meal a scrambled chicken dinner was served buffet style and enjoyed to the full.

During the afternoon the time was spent in visiting, singing, croquet, horseshoes and as far as the younger members were concerned in running and playing. This was an all age, all member of the family gathering, including Robert's grandmother Russell and all ages down to her youngest great grandchild.

About two weeks ago another party was held at the Hicks home before Robert left to report to Chicago. At this time over 60 young people were there to enjoy the evening with games under the direction of Mrs. William Dietz and Mr. Ball and to present Robert with a traveling kit, complete even to a filled photograph compartment. At a late hour refreshments of home-made ice cream and pop were served.

On his previous trip to Chicago, Robert was given the choice of an immediate furlough or assignment to camp. He chose the furlough so when he left Dixon Monday morning to report at the Chicago headquarters he expected an immediate camp assignment.

Methodist Church

Frederic E. Ball, minister 10 a. m. Sunday school. 11 a. m. Worship service. Friday evening the Youth Fellowship will hold their regular meeting at the church.

A committee met Tuesday and laid plans for the work which is to be done on the basement of the church.

The past two weeks the girls of the girls society have sold popcorn at the Tuesday evening shows, earning money to be used to help send two of their members to the summer camp at Lake Geneva.

HIS MODEL

Titian, the artist, obtained inspiration from a bunch of grapes, which he kept hanging in his studio as an example of beauty of form and line.

The oil refining industry of the United States processed 1,284,000,000 barrels of crude oil during 1940.

Need a New Car? then-better get it!

Think things THROUGH on buying a new car! If you are Eligible under Newly Liberalized Rules it's Smart to BUY NOW! And here's why!

The Government wants us all to save gasoline.

The Government wants us to save rubber.

The Government also wants to make most efficient use of transportation facilities now available—including cars now built and ready for sale.

You do not help the country by continuing to "get along" on a car no longer fully efficient, safe or dependably able to serve you in any necessary use.

If you can qualify under latest rationing rules, you are recognized as an essential driver.

As such, you are not only entitled to your share of available gasoline and rubber, but are in reality expected to make the best use of them.

Your Buick dealer can show you that you can more efficiently do this in a brand-new, gas-thrifty, solidly dependable new 1942 Buick than in an older car which may have seen better days.

So before jumping at conclusions, get the whole story on new-car buying. Drop in on your Buick dealer for full details. He is at your service—any time.

If you're eligible to buy—

Better Buy Buick!

ENSIGN ROBERT STITZEL AND BETTY GRAHAM EXCHANGE VOWS AT ALTAR IN KEARNEY

When she became Mrs. Robert Dean Stitzel in a church wedding Tuesday afternoon in Kearney, Neb., Miss Betty Jayne Graham, R. N., was carrying a lace handkerchief that the bridegroom's mother, Mrs. Earle D. Stitzel of Nelson, had carried as a bride 25 years ago on July 7. Kearney's First United Brethren church was the setting when the Rev. Wm. P. Watkins heard the only daughter of the B. Franklin Gramhams of 2908 Central avenue, Kearney, exchange nuptial vows with Robert, now a lieutenant, junior grade, in the United States navy.

Betty, who was given in marriage by her father, was wearing white silk chiffon over white satin, with a silk lace bodice, sweetheart neckline, leg-o'-mutton sleeves that extended in points at the wrists and were trimmed to the elbow with tiny lace-covered buttons, and a floor-length bouffant skirt. The Juliet cap which held her fingertip veil in place, was trimmed with pleating in halo effect. Her arm bouquet contained white Kilmory roses and stephanotis, tied with a white satin bow, and her only jewelry was an antique Cornelian cameo locket, the bridegroom's gift.

Former Polo Teacher Weds

Announcement of the wedding of a former Polo Community High school faculty member has been received from Glendale, Calif., where Reuben Baumgartner, former mathematics instructor in the Ogle county school, claimed Miss Camille Mears as his bride at The Little Church of the Flowers on Saturday, June 27.

The bride's gown of white silk jersey was designed with full sleeves, a V neckline, and a short train. Her pearl necklace was the bridegroom's gift. She carried a white Bible with mystery gardenias and stephanotis, and an heirloom handkerchief made by her father's great-aunt.

Five Attendants
Betty's maid of honor was a former classmate, Miss Doris Gard of Chicago. She wore a floor-length gown of aqua silk chiffon, with silk braid trim at the monk's neckline and wide girdle, full sleeves that were fitted at the wrist. She wore a tiara of stephanotis, and carried a colonial arrangement of Johanna Hill roses and shasta daisies.

For her bridesmaids, Betty chose her three sisters-in-law, Mrs. Dulworth Graham, Mrs. Dudley Graham, and Mrs. Douglas Graham, and a cousin, Mrs. Paul Roe. Pink and blue silk organza fashioned their quaint colonial gowns, and they carried colonial bouquets of yellow and white daisies. Each wore a wreath of stephanotis in her hair.

The bridegroom was wearing his summer dress uniform. His cousin, Richard A. Fay of Chicago, was his best man. Ushers were Dulworth Graham, a brother of the bride, and Milbourne Graham, their cousin.

Mrs. Graham was attired in black silk sheer with white accents for her daughter's wedding, and Mrs. Stitzel, the bridegroom's mother, wore black and white silk chiffon print over black taffeta, with black and white accessories. Brier Cliff roses and stephanotis formed their shoulder bouquets.

Palms formed a background of greenery for baskets of pink and blue garden flowers, the bride's chosen colors, at the candlelit altar for Tuesday's wedding, and baskets of white gladioli were placed at either side of the chancel rail. White satin ribbon bows, holding sprays of baby's breath, marked the pews of the center aisle.

Nuptial Music

The organist, Mrs. Lo Desca Miller, presented a recital of nuptial selections, preceding the ceremony, her numbers including Schubert's Ave Maria, "To a Wild Rose" by MacDowell, "Ich liebe dich," (Grieg); and Bohm's "Still as the Night," concluding with the Lohengren wedding march. "Because," by d'Hardelt, was played during the ceremony, and the couple left the altar to strains of the Mendelssohn wedding march. Miss Mary Elaine Thornton was soloist, singing "O Promise Me," by Scott, and "I Love You Truly," by Carrie Jacobs Bond.

Following the ceremony, the bridal pair paused briefly in the church narx to receive the well wishes of their friends. Miss Elene Saunders, the bride's aunt, was in charge of the guest book.

Wedding Dinner
At 6:30, a wedding dinner was served in the green room at the Fort Kearney hotel for members of the families of the bridal pair.

A three-tiered cake, arranged on a mound of white gladioli, pink roses and stephanotis, was the centerpiece for the table, which was illuminated by candlelight. A miniature bridal pair stood beneath a wedding bell on the top tier of the cake, and spun sugar roses trimmed the icing. On the wall, opposite the bride and groom, was a large American flag.

Preceding the church ceremony, the bride's parents entertained at their home with a 1 o'clock buffet luncheon and informal open house, honoring the silver wedding anniversary of Ensign Stitzel's parents. Flowers surrounded a beautifully decorated bride's cake, that was cut by Mrs. Stitzel.

The new Mrs. Stitzel attended Nebraska State Teachers college at Kearney, and was graduated from Cook county school of nursing in Chicago in 1940. For the past two years, she has been doing private duty nursing in Chicago.

Ensign Stitzel is the elder son of Postmaster and Mrs. Earle D. Stitzel of Nelson. He received a bachelor of Science degree from the University of Illinois in 1940. Last month, he received his Doctor degree in dental surgery at the University of Illinois school of dentistry in Chicago. On April

Models for Navy Relief Poster

MISS IONE SMITH

Within the past week, the eyes of many Dixon residents have been attracted by the red, white and blue posters, appealing for funds for the Navy Relief society that is headed by President Franklin D. Roosevelt, as honorary president. To those remembering Miss Ione Smith, an attractive young woman who resided here several years ago and is now a commercial model in New York city, the posters are of particular interest, as Miss Smith was selected to portray the anxious-eyed woman that appears on literature for the relief fund campaign, which closes in Dixon tomorrow.

Miss Smith, daughter of the V. G. Smiths of Dana, Ill., is a niece of John Harvey of 1713 Third street. She spent several months with the Harveys here about five years ago, and at that time donated her musical talent for a flood relief dance held in the old Armory hall, above Kline's department store.

Miss Smith played the saxophone for the dance, it is recalled by Mrs. Myrtle Bishop, who was at the piano for the event.

Traveled With Revue

During her stay in Dixon, Miss Smith was also employed at Ray Miller's music store, and played for dances at the former White Rock Tavern. Previously, she had traveled with a Platinum Blond Revue out of Chicago, and after leaving here, became a member of another all-girl band that played at the International Casino in New York.

In the summer of 1939, she was selected as the "Pic of Broadway", and also wore the crown of the "Typical American Glamour Girl", an honor based upon her beauty, musical ability and wholesomeness. Since then, her picture has appeared repeatedly in McCall's, Good Housekeeping Magazine, Life, Vogue, Fortune, Mademoiselle, the Ladies' Home Journal, Parents' Magazine, and numerous other publications.

The young woman, now 26, was expected here for a visit during the Fourth of July week end, but was unable to carry out her plans. Miss Ferol Roth of St. Louis, formerly of Dixon, is her cousin.

Stars on Broadway

It was by accident that she became a starring New York show girl in 1938. That wasn't what she intended to do at all. But the slender blonde (the poster artist, John Falter, transformed her into a brunette), literally walked into stardom at George Hale's International Casino on Times Square.

She had been working in an all-girl orchestra which had toured the United States. When the orchestra got to Auburn, small state prison town in New York, she decided that she'd had enough traveling, left the band, and headed for New York.

"I went to a man that someone had told me to see," she says, "and he just put me in as the featured girl in his show." But that wasn't what she wanted to do, and Broadway was just a detour in her ambition to be a model, an ambition that became realization not long afterward.

Versatile Musician

During her efforts to get to the top, she never neglected her music—even though she left the orchestra (she plays seven band instruments), and music is still very important to her, although her time is now spent exclusively on modeling.

After a photograph of her has been made, she never knows how or where it has been used, or, in fact, if it has been used at all, unless she happens to see the photograph in some magazine.

Meantime, the bundle of newspaper and magazine clippings and photographs the Harveys are collecting continues to grow more bulky, and the family is looking forward to a visit from their talented relative before the end of summer.

Summer Theatre Opens Next Week at Mt. Carroll

"Thunder Drama," an intense drama taking place in a light-house on Lake Michigan, will be the first offering of the 1942 season by a summer theatre at Frances Shimer college, Mount Carroll. The curtain is to raise at 8:15 o'clock Friday evening, July 17, according to an announcement by Lawrence Carra, director of the Summer Workshop, who is planning performances for succeeding Friday evenings of the season.

The third annual summer workshop opened for registration recently, and plans are being completed to take shows to the Savanna ordnance depot, Camp Grant at Rockford, and other nearby cities.

Robert Ardrey's "Thunder Rock" has been played in New York and London during the war years, and has attracted universally favorable comment. Other performances during the season will include: July 24, "Squaring the Circle," a Russian farce; July 31, "Under the Gaslight," a melodrama; Aug. 7, "Tonight We Vaudeville"; Aug. 14, "Green Goddess," a modern melodrama in three acts by William Archer.

PALMYRA UNIT NAMES OFFICERS

Members of Palmyra Home Bureau unit named officers at an afternoon meeting yesterday at the home of Mrs. Fred Friedrichs. The new staff includes: Chairman, Mrs. Keith Swarts; vice chairman, Mrs. Helen Overcash; secretary-treasurer, Mrs. Arthur Dollmeyer.

Following the opening song, Mrs. Norman W. Dietrich, music chairman, introduced Mrs. Ray Herbert, who sang two solos, "Beautiful Dreamer" and "In an Old-Fashioned Garden," playing her own piano accompaniments. The major lesson, "Something Dealing with Fiber Fabrics," was presented by Mrs. Josephine Law and Miss Esther Smith.

A family picnic is being arranged for Wednesday, August 12, in Lowell park.

MARYLAND FOLK PLAN REUNION

Former residents of Maryland and their families will hold their fifth annual reunion on Sunday, July 19, at Lowell park. A fried chicken dinner will be served at noon, and those attending are asked to bring their own table service, sandwiches, a dish to share, and sugar.

POST-NUPTIAL PARTY

Mrs. Daniel Ortigies, Jr., and Mrs. Henry Grobe were co-hostesses at a linen shower one evening recently, complimenting Mrs. Carl Janssen (Jessie Sweitzer), a bride of a few weeks. Thirty guests were present.

During the evening, table linen, hand towels, and holders were hemmed for the honoree, as a gift from the hostesses. Lunch was followed by unwrapping of the shower packages.

Calendar

Tonight
Minnie Bell Rebekah lodge—Will drape charter, 8 p. m. Corinthian shrine, No. 40, W. S. of J.—Will honor Watchman of Shepherds Fred Huebner, 8 p. m.

Sunday
Tennesseans of northern Illinois—Picnic at Ogle county fair grounds, Oregon, 12:30 p. m.

Monday

DASH--FROM DOTS

Dash comes from dots—polka dots used with utter disarming simplicity—in these outstanding summer costumes by Mainbocher. The tan shantung daytime suit has the graceful midcalf length which this designer shows in every costume type of war-slimmed clothes. Five colors are used in the dinner dress. The blouse is navy; the skirt is composed of pink, rose, green and yellow panels, with navy repeated at center back.

Trail Riders Will Take to Mounts on Sunday, July 26

Twenty-two miles of bridle paths through "Hazelwood," Lowell park and the wooded section further north will be included on the itinerary for a membership ride which the Rock River Trail and Horsemen's association is planning for Sunday, July 26. The horsemen and horsewomen expect to set out from Sorrel Top stables at 8:30 a. m., and will enjoy an old-fashioned country dinner in the woods at noon.

Although the forthcoming ride is for members only, new memberships will be accepted as late as the morning of the ride, by any one of the following officers: President, Clarence Myers; secretary, Charles Finley; treasurer, Carl Hasselberg.

Twenty-five members and guests turned out for the association's weekly supper party last evening. Fourteen riders were on the trail, preceding an outdoor steak fry at the Charles Dickey home, with Mr. Dickey and John Roe presiding at the grill. (It was shafts and wheels instead of saddle for Mike Coffey's chestnut mount "Kentucky Choice Princess." Mike and Graham Oakford preferring to accompany the riders by buggy, rather than risk a drenching from cloud-hung skies.)

Around the supper tables, conversation veered from plans for the July trail ride to Eugene Bentley's purchase of a bay saddle stallion, "Double Choice" from the "Reynoldswood" stables, and other topics of particular interest to the group.

In attendance last evening were Mr. and Mrs. F. H. Roe and son Bennie, Mr. and Mrs. Charles Finley, Mr. and Mrs. John Roe, Mr. and Mrs. Graham Oakford, Mr. and Mrs. Tom Burke, Mr. and Mrs. Charles Dickey, George Covert, Sr., George Covert, Jr., Eileen Schultheis, Clarence Smith, Clarence Myers, J. W. Pine, Quincy Adams, Eugene Bentley of Sterling, Mike Coffey, Mary Luger, Ruth Foster, and Charles Otto.

Mary Luger and Charles Otto are arranging the weekly breakfast for Sunday morning.

BREAKFAST HOSTESS
Mrs. W. H. Coppins invited members of her bridge club in for breakfast and contract yesterday morning.

DINNER GUESTS
Mr. and Mrs. Stanwood Griffith of Ashton entertained at dinner Wednesday evening.

LUNCHEON HOSTESS

Mrs. Parker to Make Visit to Dorothy Chapter

Worthy matrons and worthy patrons of surrounding Rock river valley chapters, Order of Eastern Star, will form an honorary escort for Mrs. Rebecca Parker of East St. Louis, Ill., worthy grand matron, when she makes her official visit to Dorothy chapter Monday evening.

Paul Kliner of Chicago, worthy grand patron, has also promised to be present for Monday evening's event, and other distinguished guests will include Mrs. Elsa Stevens of Chicago, grand Esther; Mrs. Rita Johnson of Chicago, grand sentinel; Mrs. Florence Townsend of Chicago, grand organist.

Dinner will be served in Brinton Memorial Masonic temple at 6:30 o'clock, with exemplification of the initiatory ritual following at 8. Mrs. Marjorie Barrowman, worthy matron of the hostess chapter, and Mrs. Maize Hoberg will accept dinner reservations, not later than Saturday noon.

Mrs. Parker and members of her official staff expect to join a pilgrimage to the O. E. S. Home at Rockford on Sunday, following their official visit to Forest City chapter in Rockford, Saturday evening.

Mrs. Parker and several other visiting officers will be overnight guests of Mrs. Carrie Coe, member of the triennial fund of the grand chapter committee, Monday night, before resuming their tour.

NELSON UNIT

Mrs. Edward Bollman was hostess to Nelson Home Bureau unit on Tuesday, inviting the group to her home for their monthly study and annual election of officers. Officers appointed were: Chairman, Mrs. Aaron Fluck; vice chairman, Mrs. George Lair; secretary-treasurer, Mrs. Carl Janssen.

The major lesson, "Something Dealing with Fiber Finishes," was presented by Mrs. John Spangler and Mrs. John Moeller. Refreshments were served, following recreation.

VARIETY SHOWER

Eighty relatives and friends met at the home of the senior Carl Janssens east of Rock Falls, Thursday evening, to honor Carl Janssen, Jr. and his bride, the former Miss Jessie Sweitzer, with a variety shower. Lunch was served, following an evening of visiting.

FROM OTTAWA

Helen Jean Randall, daughter of the Frank Randalls of 1125 North Galena avenue, returned Wednesday night from a week's vacation with her grandparents, Mr. and Mrs. A. G. Brooke of Ottawa.

A Thought for Today

Why sleep ye? rise and pray, lest ye en-
ter into temptation.—Luke 22:46.

Why comes temptation but for man to
meet and master and make crouch beneath
his foot, and so be pedestaled in triumph?—
Robert Browning.

We're Too Nice

Among other reasons why the Germans and the
Japanese are pushing us so hard is the fact that
we're too nice. We think and try to act like gentle-
men. We refuse to recognize that war is a nasty,
brutal business, which can not be settled with one
hand while we hold our fastidious nose with the
other.

We—meaning particularly the Anglo-Saxon peo-
ples—are not irretrievably soft. We are as coura-
geous as any—probably more than most. We are
as clever, as scientific, as logical, as imaginative as
our enemies.

Yet we let them shove us around.
The time has come—Tobruk and Matruh are
proof, if there were no others—for us to get tough,
to forget Marquis of Queensbury rules, to inculcate
ourselves with the fighting code of the lumber
camps.

The time has come for us to develop a good,
ardent, let's-knock-their-dirty-blocks-off hate against

MURDER IN FERRY COMMAND

BY A. W. O'BRIEN

COPYRIGHT, 1942.
NEA SERVICE, INC.

THE STORY: Lemoy Statler
has been hanged in Newfound-
land for the murder of two men.
But Statler was a spy as well as
a murderer, and Clyde Dawson
of the Canadian Intelligence De-
partment must find Statler's
confederates in a fifth-column
operation against the R. A. F.
Bomber Ferry Command. All he
has to go on is a snapshot of
a man who looks like a famous
movie actress and a cryptic note
about a broken "reunion date,"
which the hanged man gave him
just before the execution.

DISCOVERIES

CHAPTER II

AFTERWARDS Clyde Dawson
wondered what prompted him
to attend the formal inquest that
followed the hanging. There was
no apparent need for him as a
member of the Canadian Intelli-
gence Department to attend—in-
fact, he had plenty of reason not
to go because in the pre-execu-
tion period he had developed a
sincere liking for the condemned
Lemoy Statler.

But the girl's snapshot with its
humorous reference to Hedy La-
marr had left him restless. Blind
alleys made him unhappy. Statler's
death didn't remove the necessity
of tracing backwards to possible
spy ring connections. If he was
involved with others they cer-
tainly followed the trial and saw
no espionage was hinted. They
would feel that Statler, true to
the spy's code, had kept his identi-
ty hidden even to death.

That afternoon while having
lunch at the Newfoundland Hotel,
Dawson was paged for a telephone
call. It was the undertaker he
had hired.

"Sorry to bother you, Mr. Daw-
son," he said, "but you told me
to report anything unusual I may
have found before removing the
body to the graveyard. Well,
there was only one thing—perhaps
it is silly but . . ."

"Yes, yes, what is it?" cut in
Dawson.

"Well, sir, in the heel of the
dead man's right shoe between the
sock and the flesh, was a piece
of beefsteak."

"A piece of beefsteak?" ex-
claimed Dawson. "Was anything
hidden in it?"

"Nothing that I could find. It
was just a good piece of sirloin
cut to the exact shape of his heel.
Of course, it might be poisoned
or . . ."

Dawson told the undertaker not
to remove the body until he had
further orders. Slowly he walked
back to the dining room, his mind
in utter confusion.

"There are more goofy twists to
this case than a pretzel," he mut-
tered to himself. "Now why would
a condemned man hide a piece
of beefsteak in the heel of his
shoe?"

The chief jailer knew nothing
about it but summoned the six
guards who had alternated in pairs
on the Death Watch for eight-hour
shifts. The answer to the riddle
was almost ridiculously simple.

"This Statler fella hurt his heel
walking in his stocking feet to the
was basin yesterday," one of the
guards declared. "He stepped on
a bit of plaster and caused what
he called a bone bruise. He limped
after that and then asked me
to get him a little bit of raw
steak about the size of his heel—
said it was the only way to fix a
heel hurt that way."

Dawson's eyes were beginning
to sparkle.

"Any of you ever hear of that
remedy before?"

The chief jailer and guards all
shook their heads.

"That's because, gentlemen, you
were never athletes. This has
been a great help to me—thanks
a million to you all."

DAWSON actually felt cheerful
as he phoned the American
colonel. The first ray of light had
poked through the mystery.

The colonel listened attentively
to Dawson's request. Yes, the
U. S. Army force had a physical
instructor with them, a Sgt. Del-

"This Statler fella hurt his heel on a bit of plaster and
caused what he called a bone bruise," one of the guards
declared. "He asked me to get him a bit of steak about
the size of his heel—said it was the only way to fix it!"

Rose, formerly with some Illinois
college—an all-round athlete and a
topnotch instructor.

Within an hour, Rose was in
the chief jailer's office. Dawson
seated him at the desk and ex-
plained the purpose of his request:
"I'm a sure squamish, ser-
geant, there's a job to be done
here and I believe you are prob-
ably the only man in Newfound-
land qualified to do it . . ."

The sergeant smiled apprecia-
tion. "A few rooms down there lies
the body of a man who was hanged
this morning. I learned that he
had bruised the bottom of his heel
yesterday and ordered a piece of
beefsteak to place against the
flesh. That indicated to me that
he had at some time taken part
in major athletics, because it is a
trick used only by topnotch train-
ers . . ."

The sergeant interrupted:
"Perfectly true, Mr. Dawson. I
have met many doctors who didn't
know that trick."

"Fine! Now, sergeant, here is the
job. Could you examine that body
and give me any hint of what par-
ticular sport or sports he played in
—judging solely from signs of any
old injuries that may still be evi-
dent?"

The sergeant remained silent for
a full minute before replying:
"I believe I could make a good
stab at it."

"My initial observation would be
that the man has all the ex-
terior signs of a former athlete,"
said Rose, looking intently at the
body. "That was a while back but
not so very far—perhaps 10 to 15
years ago. He isn't flabby as non-
athletic men of his size often are.
Again, it is fairly obvious that his
left shoulder had been broken at
some time—it is larger than the
right and of rather awkward
shape."

Dawson pointed to an obvious
suture marking on the dead man's
right side.

"Yes, I noticed that," com-
mented Rose. "It certainly isn't a
post-operative incision. I'd say it
was made by some knife-like point
—say, like a hockey skate. There
are also marks of blows around
the mouth, deep ridges that have
almost disappeared with the years.
They are more likely hockey in-
juries than any other type."

EACH man picked up one of the
stiffened hands and unclenched
the fists—an extremely difficult
task.

"Uh-huh," said Dawson, "he

played baseball all right—not as
much as a professional, perhaps,
but quite a bit judging by one
badly twisted finger knuckle and
another partially twisted on his
right hand."

"That's so," agreed the sergeant,
"you notice the fingers on his left
hand are intact because he must
have worn the glove on this one.
Now let's look at his hip . . . no
doubt about it, Mr. Dawson, you
note there is a patch of oddly col-
ored skin on his left hip. That's
the result of what we call 'straw-
berries' in baseball—bruised, torn
patches of skin caused by sliding
into bases."

There were no suture marks on
the fronts of the deceased's legs
but they noted a slight one over
the Achilles tendon at the rear of
the ankle bone.

"Might have been done either
by a skate or a baseball cleat,"
murmured the sergeant, but . . .
he leaned over the right foot, "here
is something positively definite.
You see this suture marking along
the inside of the foot? Well, that
was almost 99 per cent certain to
have been caused by a skate tip."

Dawson cut in: "Okay, sergeant
—now in what sports would you
say Lemoy Statler specialized?"

The other's reply was immediate.
"Baseball and hockey beyond a
doubt—and quite a bit of it. But
I agree with you that he hasn't
the appearance of injury marks of
a man who had been through the
professional mill. Was he an edu-
cated chap?"

"Very much so," answered Daw-
son. "I wouldn't be surprised if
he had been a law student, be-
cause of his chance remarks about
the trial."

"He was like an athlete at a
some university," Dawson con-
cluded, "where they play a lot of
hockey and baseball. There can't
be so many of them in Canada and
the Northern States. If the depart-
ment at Ottawa sends out circulars
containing the photo of Statler
taken after his arrest to all such
universities and mentions that he
was likely a prominent university
athlete specializing in hockey and
baseball about 10 or 15 years ago,
there is an excellent chance that
we'll learn his identity from one
of them."

Extraordinary success of the
campaign out west (short of the
Pacific coast) is attributed by
authorities before the campaign started.
Public spirited enthusiasm
generally runs stronger in those
communities than along the more
densely populated coast; also re-
claiming by junk dealers was
more intensive in populous cen-
ters before the campaign started.
High shipping costs worked
against depletion of western
stocks.

There was an embarrassing
moment when the radio the other
evening for one of the armed
forces in the New York area.

program, the military men were
given three of Roosevelt's pro-
posed freedoms for which they
are fighting and asked to state
the fourth. No one knew.

(To Be Continued)

NEWS BEHIND THE NEWS By PAUL MALLON

(Distributed by King Features
Syndicate, Inc., reproduction in
whole or part strictly prohibited.)

Washington, July 9.—The press
has reported learning "on good
authority" that the administration
is considering legislation to freeze
the wage-price economic level
hard.

The authority was "very" good.
There is none better. The notion
can be traced back to Mr. Roose-
velt himself.

His congressional leaders report
him worried. He took the matter
up with the big four of the house
and senate at their last weekly
private meeting at the White
House, but only in a general way
along the same lines he previously
had suggested to them.

They did not understand that
he had anything immediate in
mind, but that he rather gener-
ally shares the opinion which his
price fixer Leon Henderson sug-
gested to a senator recently:

"Something will have to be
done."
Meanwhile, wags around con-
gress are popularizing the quip
that the immediate problem is to
bring the "all-in economy up to
the all-out war effort."

While the conversationalists are
using "all-in" only facetiously, the
problem is growing fast, against
only such verbal brakes as the
president and Henderson are us-
ing.

Congress is inflationary-
minded. The farm bloc wants
higher prices, not necessarily
what they consider inflationary
prices, but higher than
presently allowed. Labor, as
always, wants wage increases.

Together they represent major-
ity opinion in the legislature.
They were the ones who turned
down all strong freezing devices
in the present price-wage law and
limited Henderson's devices.

But you cannot blame it all on
congress. The farm bloc justifies
itself, for instance, by rightly
claiming that the administration
policy on labor and wages has
also been inflationary.

Furthermore, behind these gen-
eralizations, the situation is criss-
crossed with innumerable political
self-interests. Current White
House worry, for instance, is deep-
ened by congressional failure to
levy all taxes Morgenthau wants
and by obstreperous antics of the
farm bloc on the feed-selling pro-
gram.

Congressional antagonism to
Henderson likewise lies in his fail-
ure to give them patronage in his
vast organization.

Above all, everyone is conscious
and super-sensitive of the coming
congressional elections.

It may be some time before
anything effective is done.

Donald Nelson's latest reorgan-
ization of the successful War Pro-
duction Board did not materially

touch one point of inner-criticism
—the preponderance of invest-
ment bankers and financial busi-
ness men in his organization.

His personnel assistant hap-
pens to be Sidney Weinberg of
Goldman-Sachs, who naturally
happens to know practically ev-
eryone in Wall Street or in the
finance end of corporations, rather
than the production end.

The result is one official was
able to number on his fingers six-
teen such men in front of WPB pos-
itions, the most prominent being:
Cliff Hill, Guaranty Trust Com-
pany; Ed. Locke, Chase National
Bank; Arthur Bunker, Lehman
Brothers; James S. Knowlson,
president, Stewart-Warner; Ar-
thur Newhall, vice president Ta-
lor; and Irving J. Rosen-
wald, Rosenwald Foundation.

Wall Street business being
what it is, Weinberg seems to be
running a \$1 a year unemploy-
ment relief program for invest-
ment bankers in WPB.

The idea that the rubber scrap
campaign is somewhat political
and has produced little real rub-
ber of use for tires is thoroughly
disproved by the detailed results.
It is true that old tires and
tubes are about the only scrap ar-
ticles containing sufficient rub-
ber for use in re-capping or mak-
ing new ones. Some raincoats,
shoes and garden hose are help-
ful.

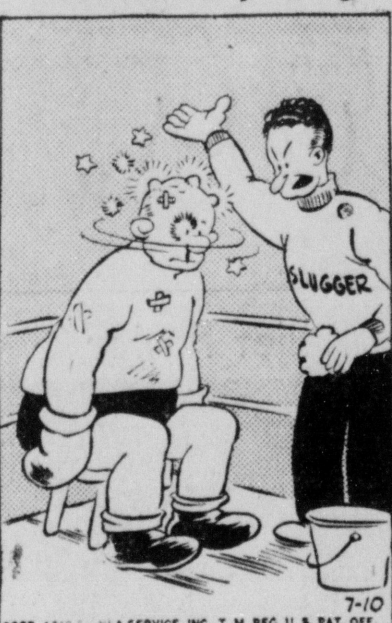

But most of the other articles
contain so little rubber and so
much foreign substance, their
practical value must fall in other
less critical lines.

The evidence shows, however,
more than half the scrap rubber
acquired comes within the suit-
able category. From July 1
through the 7th, according to the
Petroleum War Industry Council,
534 carloads of casings and 414
carloads of mixed rubber were
shipped out of the bulk storage
points to the reclaimers.

Extraordinary success of the
campaign out west (short of the
Pacific coast) is attributed by
authorities before the campaign started.
Public spirited enthusiasm
generally runs stronger in those
communities than along the more
densely populated coast; also re-
claiming by junk dealers was
more intensive in populous cen-
ters before the campaign started.
High shipping costs worked
against depletion of western
stocks.

There was an embarrassing
moment when the radio the other
evening for one of the armed
forces in the New York area.
During a question and answer
program, the military men were
given three of Roosevelt's pro-
posed freedoms for which they
are fighting and asked to state
the fourth. No one knew.

Hold Everything

"Rent Strike" Is Threatened in Detroit Area

Detroit, July 10.—(AP)—A
"rent strike" by more than 200,
000 members of the United Auto-
mobile Workers (CIO) in the De-
troit area would be started "if
real estate interests succeed in
their present drive to raise rents
above the ceiling," Victor G. Reu-
ther, assistant co-ordinator of the
union's war policy division, de-
clared Thursday.

The statement was based on an
appeal from Detroit apartment
landlords to the Office of Price
Administration that they be per-
mitted to increase rents possibly
five per cent above the existing
ceiling.

"Increase of rents may touch off
the most serious domestic defense
problems the nation has yet seen,"
Reuther said.

Reuther asserted that private
realty interests are bitterly op-
posing government construction of
houses and, at the same time, are
seeking to profit by the dwelling
scarcity.

"The cost of living," Reuther
said, "has risen almost 14 per cent
in the last year. Despite attempted
price control living costs are still
rising. Meanwhile there has been
determined resistance to our de-
mands for a wage adjustment to
match this increase."

Deaths

Suburban—

JOHN G. W. POLK

Lamolille.—John G. W. Polk, 66,
Clarion township resident, died at
his farm home at 4 o'clock Thurs-
day morning. He had been in ill
health for some time.

Mr. Polk was born in Lamolille,
Aug. 3, 1875. He is survived by
the widow, three daughters, Mrs.
Alvin Schildberg, Three Rivers,
Mich.; Mrs. Claire Farquhar, Chi-
cago, Miss Joanne Polk, at home;
one son, Dayton Polk; a sister,
Mrs. N. Williams, Lamolille; and a
brother, Ezra Polk. Several grand-
children also survive.

Funeral services are to be held
at 2 p. m. Saturday from the farm
home with the Rev. A. C. Petrie,
pastor of the Lamolille Congrega-
tional church, in charge. Burial
will be made in Greenfield ceme-
tery.

Masonic services will be con-
ducted at the grave by George
Condie, Spring Valley.

Funerals

Suburban—

MRS. GOLDIE BURCH

Rochelle, July 10.—The funeral
of Mrs. Goldie Burch, 40, widow
of Earl Burch, was held at 2:00
o'clock this afternoon at the Ba-
ptist church, the Rev. Darwin
Blomgren, pastor officiating.

William E. Helander, acting
chief examiner for the commission,
was authorized to appoint a com-
mittee of bus operators to report
to Joseph B. Eastman, director of
defense transportation, on possi-
bilities of replacing various rail-
road services with buses to re-
lease rail equipment for war
transportation.

Surviving are her mother, Mrs.
Myrtle Leigh, with whom she re-
sided; three children, Billy, Jack
and Donald; two brothers, James
of Rochelle and David of Cincin-
nati, O.; and three sisters, Mrs.
Forrest Howe of Rochelle, Mrs.
John Gilbert of Ashton and Mrs.
Emmett Brown of Ramsay.

She was born at Ramsay Oct.
15, 1901. She was married Sept.
15, 1920. Her husband died June
19, 1940.

Happy Birthday

JULY 10
Jean Trotter; Frances Henkel,
Sublette; Gertrude Kirkpatrick;
Wilbur Alter; Margaret Burneiser.

JULY 11
Jesse E. White; Homer E. Sen-
neff; Kenneth Wright, Nelson.

JULY 12

route 4; Dorothy Bramer, Ohio;
Arveta McCord, Nelson; Donald
Delhotal, Ohio.

Church Societies

Loyal Workers—Loyal Workers
of the Bethel Sunday school were
picnicking in Lowell park last
evening. Following a social hour,
a brief business meeting was con-
ducted. Miss Lois Deardorff and
Mrs. Everett Donoho led in prayer,
and Mrs. Glen Rosbrook presented
the Scripture lesson.

Medical-Surgical Protection Plan Put in Operation

Newark, N. J., July 10.—(AP)—
The nation's first all-over medical-
surgical protection plan, an insur-
ance hedge for treatment of
everything from a cold to appen-
dicitis, went into operation today
with 2,000 participating members.

The first batch of contracts was
distributed by the Medical-Surgi-
cal Plan of New Jersey, a non-
profit organization, to 700 em-
ployees of Peter J. Schweitzer, Inc.,
a paper manufacturing company
of Elizabeth.

Louis Schweitzer, president,
said the program met a long-
standing need of his employees. "If
an emergency does arise, he will
be adequately taken care of with-
out digging into employment in-
come," said Schweitzer.

Dr. Norman M. Scott, executive
vice president of the plan, said it
had the endorsement and coopera-
tion of the Medical Society of
New Jersey.

Company Pays Bill
The Schweitzer company will pay
the entire cost of the service
for its employees and their im-
mediate families, estimated to
total about 2,000 persons. The
plan also will operate with other
subscribers who pay the premium
fee—75 cents a month for an in-
dividual or \$2 a month for an en-
tire family, irrespective of the
number of children.

The plan, which will operate for
the present only with companies
employing 100 or more persons,
provides for payment of a maxi-
mum fee of \$150 for medical and
surgical care in the semi-private
accommodations of any general
hospital in the state. The patient
will have his "free choice" of doc-
tors.

There is no limit on the plan in
respect to the income of an in-
dividual. Both the president of a
company and his office boy may join.

Mayor-Police Chief Charged With Murder

Springfield, Ill., July 10.—(AP)—
Charged with murder in a shoot-
ing growing out of a rental dis-
pute, Mayor-Police Chief Law-
rence Roller, 53, of nearby Me-
chanicsburg was reported in a
still-critical condition in St. John's
hospital here today of a bullet
wound which Sheriff Eielson said
was self-inflicted.

Roller was served at the hospi-
tal with a warrant charging him
with the gun slaying of Willie
Herman, 45-year-old Mechanics-
burg grocer. The dispute between
the two men grew out of Her-
man's refusal to move out of a
house owned by the village offi-
cial, the sheriff said.

Sheriff Eielson, who signed the
murder warrant, said Roller told
him he shot Herman once through
the heart late Wednesday and then
shot himself once in the head in
an unsuccessful attempt to end his
own life. Roller has been both
mayor and chief of police of Me-
chanicsburg, a village of 450 popu-
lation, for about a year.

War Plants Being Asked to Stagger Work Shifts

Springfield, Ill., July 10.—(AP)—
Illinois war plants are being
asked to stagger their working
shifts to avoid overcrowding busi-
ness facilities which already are
curtailed because of the rubber short-
age.

Merrill B. Knox, transportation
engineer for the Illinois Commerce
Commission, told bus operators
yesterday that such measures as
staggering of shifts, consolidation
of routes and fewer runs will have
to be made to conserve bus facili-
ties during the war.

William E. Helander, acting
chief examiner for the commission,
was authorized to appoint a com-
mittee of bus operators to report
to Joseph B. Eastman, director of
defense transportation, on possi-
bilities of replacing various rail-
road services with buses to re-
lease rail equipment for war
transportation.

Manufacture of Pipe for Long Oil Line is Started in Lorain, O.

Pittsburgh, July 10.—(AP)—
Production of large diameter steel
pipe for the new 550-mile petro-
leum line extending from Long-
view, Tex., to a point near Salem,
Ill., has begun under a govern-
ment directive at the Lorain, O.,
plant of the National Tube Co.

B. F. Harris, president of the
United States Steel Corporation
subsidiary, said production of the
pipe was at the specified delivery
of almost five miles a day. He
predicted that the 137,500-ton gov-
ernment order would be filled in
about four months.

DIXON TEAMS WIN FIRST, THIRD IN TOURNEY

Ric Lahti of DeKalb Medalist

Hird of Milwaukee Is Runnerup; DeKalb Team Second

By ORTMAN
The Dixon Country club golf teams captured both first and third place in the team standings of the Lincoln Highway Association's 20th annual blind bogey tournament which ended yesterday.

Despite this fact neither team was able to place a man in the ranking medalists. It was the consistently good golf of each man that allowed the teams to win. For example, the Kishwaukee Country club representatives from DeKalb, furnished both the winning medalist and the runner-up but yet the team could only capture second place in the team department. J. Wagley of DeKalb finished his 72 holes with a minus 7, being the only man on that team, or the Dixon teams, to go down on bogey.

Ric Lahti, holding down the number three slot on the Kishwaukee team, ended with a 6 over par 286, record for the meet, which earned him medalist honors. In Ric's case the old adage "always a bridesmaid but never a bride," was very applicable. The old timers of the tournament say that the number of times Ric trailed the winner in by one stroke or two strokes are countless. However, in the two day meet that just ended the boy in the yellow shirt and red pants was unbeatable. His rounds of 71, 69, 73, and 73 are proof enough that he was "hot".

One of the two best rounds reported was accredited to Hird of DeKalb who was runnerup, three strokes back of Lahti. On his last 18 holes yesterday, Hird, who was playing in his first Lincoln Highway tournament, blazed around the course in 68 to equal the mark set by Ken Detweiler on his first round Wednesday. Hird's 2-under par score is the more remarkable because after shooting three straight 3s he was out of bounds twice on the fourth hole, collecting a 6 for his efforts. He carded 8 threes in the 18 holes.

Dixon's No. 1 team scored a 142 plus which was 12 better than the mark of second place Kishwaukee. The local second team was quite a ways back in third with an 83 up. However it had a considerable margin over Oregon that scored a 55 plus for fourth place. Sterling just edged over the hump with a 4 up, for fifth. Polo was the only team in the meet to go down on bogey, recording a 43 minus.

Bill Witzleb led the Dixon golfers with a 295 score which earned him fifth place in the medalist rankings. He was 33 up, fourth in this department as Lahti, Hird and Bob Grieser of Sterling each had 35 ups.

Second man for the Dixon aggregation was Detweiler who ended with a 296. Ken was the number one golfer on the Dixon team but after his first round 68 his game dropped away when he brought in a 78 on the second round. His last two rounds were both 75s. He was 28 up on bogey, one more than Em Rorer who had 27 plus. Em who brags that he is a consistent 74 golfer, was very unpredictable in this tourney. After carding a 73 on the first round, he slipped up to 79 on the second, only to come back with a near record 60 on his morning round yesterday. His final 18 hole score of 76 gave him a 297 total.

Ray Wilbur, after getting a 10 over par, 80 on his first round, settled down to score 72, 70, 78 on his last fifty-four holes for an even 300 total, 27 up on bogey. Wilbur actually won the meet for Dixon as late in the evening Kishwaukee was leading the local boys 3 up. DeKalb had one man, Wagley, to finish while Dixon still had two, Wilbur and Smith. Wagley reported a minus 6 for his last 18; Smith was 5 up on bogey and Wilbur carded a 5 plus as the last man in to give the Dixon team the championship.

Smith ended with a 14 plus for the 72 holes. Wilson Dysart was 11 up after Wednesday's play. Yesterday he was unable to play so Junior Joyce took his place, scoring a two up for the 36 holes. The total for the two men was 13 up.

Mark Keller led Dixon's No. 2 team with a 24 up. Behind him was Bob Feldkirchner, 20 up and Harold Green, 16 plus. Oscar Witzleb was 9 up on bogey and Dr. Lazier-L. G. Rorer (each man played 36 holes) and J. Miller each had plus 7s.

The DeKalb team had Hird and Lahti tied at 35 plus. Huhta, four time winner of the tournament, had 294, 32 plus. Milo Oakland was only able to score a 24 plus and Stevens had an 11 up. Wagley recorded a minus 7.

Franklin and Reed for Oregon tied at 303 for ninth place in the medal standings. However Reed was 24 up while Franklin only

Lincoln Highway Tournament Participants

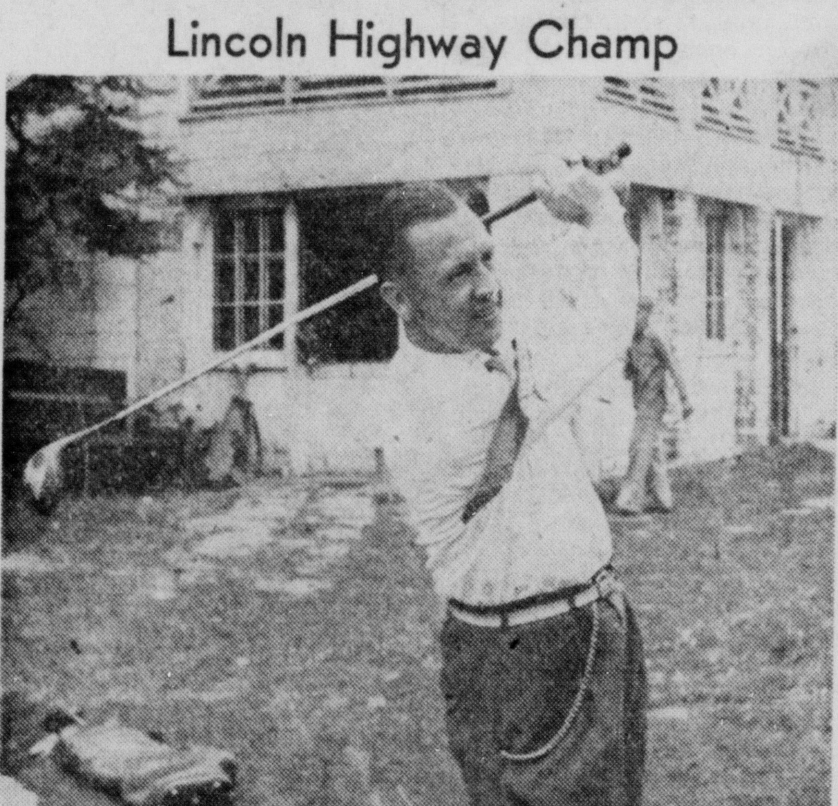

Only five of the caddies in the front row are from Dixon. They are: Eighth from left, Tranum; ninth, Woodyatt; tenth, Spinden; eleventh, Ortigies; and twelfth, Moore. Golfers, first row, left to right: Doc Markle, Polo; Wagley, DeKalb; Wilbur, Dixon; Rorer, Dixon; Lahti, DeKalb; Stevens, DeKalb; Oakland, DeKalb; Detweiler, Dixon; Dy-

sart, Dixon; Stonehouse, Dixon pro. Second row, Feldkirchner, Dixon; Bickford, Sterling; Grieser, Sterling; B. Witzleb, Dixon; Huhta, DeKalb; Hird, DeKalb; Sweet, Polo; Coffey, Polo; Plovmann, Dixon; Smith, Dixon; Vrona, Oregon; Neuswanger, Oregon. Third row: Reed, Oregon; O. Witzleb, Dixon; Hungate,

Sterling; Meyers, Dixon; Welty, Dixon; Drennan, Polo; Fry, Dixon; Franklin, Oregon; Lamb, Oregon. Standing: Green, Dixon; Keller, Dixon; Joyce, Dixon; Miller, Dixon; and Sullivan, official scorer from Dixon. Detweiler, B. Witzleb, Rorer, Dysart, Joyce, Smith and Wilbur made up Dixon's No. 1 team.

—Photo by Hints

Ric Lahti of DeKalb shows how it is done. Lahti was medalist in the Lincoln Highway tournament which just ended. He gives a sample here of his driving form.

had a 21 plus. Lamb also was 24 up; Neuswanger had a 22 plus. The last two places on the Rock River Country club team were taken by Dixon golfers. Myers-Faber-Weisel combined to score a minus 12. Plovmann-Neill dropped to 24 minus.

The Sterling contingent was headed by Grieser who, playing shirtless, shoeless and sockless most of the time, finished third in the medal standings and tied with Hird and Lahti at 35 plus on bogey. Grieser shot very steady golf, scoring four straight thirty-sixes on his middle 36 holes. He also shared with Detweiler the honor of shooting the lowest 9 hole round as each carded a 33 on the first morning of play. Bickford of Sterling was 14 up on bogey and Hungate was 19 down. Three men from Dixon filled out the team. Joyce-Flock combined for a 9 up. Ken Welty was 2 down and Fry was 33 down.

Markle led the Polo group, scoring a 21 up. Coffey was the only other man on the team to go up, getting a plus 9. Sweet had a minus 12; Olson was down 3; Buck had a 21 down and Drennan-Wolf were 36 down on bogey.

About fifty couples attended the dance last night which was sponsored by the Dixon club. The feature of the evening was the presentation of awards by Pro Ralph Stonehouse. Lahti was presented with \$20 worth of merchandise from the pro shop at the club; Hird received a pair of golf shoes, the two winning teams received trophies and each of the flight winners were awarded sports shirts.

The flight winners were: First flight, Huhta second, Grieser third, Lamb; fourth, Em Rorer; fifth, Feldkirchner; and sixth, Ray Wilbur. The medalist and runner-up were not eligible for flight prizes.

CEDAR RAPIDS IS DETHRONED BY DECATUR, 8-3

(By The Associated Press)

Springfield moved into undisputed possession of first place in the Three Eye league last night as Cedar Rapids lost to Decatur, 8 to 3, and was pulled down from a tie with the Browns for the lead.

The Raiders and Commies met in the night's only game, Evansville's tilt at Springfield and Madison's contest at Waterloo being postponed by weather.

Lefty Hopkins, Decatur pitcher whose earned run average of 1.34 was the league's best last year, stopped Cedar Rapids with five hits while his mates got him off to a good start with a three-run first inning.

Cedar Rapids was scheduled at Decatur again today, with Madison at Waterloo and Evansville at Springfield.

Sports Roundup

By HUGH FULLERTON
Wide World Sports Columnist
New York, July 10—The Hale American game—or you can't catch the Yanks on one leg... Starting the second half of the big-league season we can't find an important club, unless it's the Cards, that has a full squad of able-bodied players... Unless you count those batting slumps, the Yanks seem to be in the best shape, since Bill Dickey and Buddy Rosar are recovering from their leg injuries... The Dodgers' most prominent casualty is Dixie Walker, the peoples' cherub, but they're not getting much good out of Whit Wyatt... It might look pretty bad for the leaders if most of the other clubs weren't in just as bad shape... Best comment we've seen on the affair Ted Williams comes from Francis Sargent of the Lowell, Mass., Sun: "It looks mighty like the sweet williams in the Sox victory garden has turned out to be poison ivy."

ONE-MINUTE SPORTS PAGE
Have you stopped to think that football is less than a month away? The Detroit Lions start training at Charlevoix, Mich., Aug. 5 and the Bears will be growing a few days later... Iowa claims the No. 1 golf fan in Roger Barnes of Burlington, who followed Denny Shute in an 18-hole exhibition hobbling around on crutches with his leg in a cast... Folks who knew Lou Novikoff in his Texas league days say Jimmy Wilson had better stop before he promotes the Mad Russian to the clean-up spot. No matter how well he's hitting in another position, soon as they put him at No. 4 in the lineup—blooie.

Speaker's Condition Is Worse

Cleveland, July 10—(AP)—Tris Speaker, baseball immortal who in 1920 piloted the Cleveland Indians to their only pennant, was placed on the danger list at Lake-side hospital late today after his physician said his condition has become worse. Earlier, the 54 year old outfielder great had been reported on his way to recovery.

His physician, Dr. Edward Castle, said Speaker was suffering from complications arising from a perforation of the intestine.

Speaker, who has been in the hospital since July 10, is now in a critical condition.

Speaker's condition is now so serious that he is unable to move.

Speaker's condition is now so serious that he is unable to move.

WAGNER TOSSES FOUR-HITTER TO WIN FROM BOSOX

Yanks Defeat Brownies; Wyatt Leads Bums to 3-2 Victory

By Associated Press
With long rests behind all of them, pennant drives in front of some of them and artificial light around most of them, major league pitchers enjoyed one of their best days of the season yesterday.

As the teams returned to action after the three-day intermission for All-Star games, both leagues produced some sparkling mound performances, including a four-hitter in 11 innings, four five-hitters and a trio of six-hit jobs, two of which still weren't good enough to win.

Five of the winners had the help of the arc lights last night, but the masterpiece of the day was the 11-inning stint of Charlie Wagner, who held the Detroit Tigers to four blows in pitching the Boston Red Sox to a 2-1 decision in broad daylight.

The Red Sox needed the victory to stay within four lengths of the American league leading New York Yankees, who dropped the St. Louis Browns, 5-2. Hank Borowy kept his place at the top of the circuit's pitching ranks by holding the Browns to six safeties but had to have help in the eighth inning when a blister appeared on his pitching hand.

Athletics Beat Indians
Buddy Blair helped Phil Marchildon of the Philadelphia Athletics whip the Cleveland Indians, 5-2, in a night game. Marchildon turned in a five-hitter after a shaky first inning and Blair lashed a home run and a triple, driving in two runs and scoring twice himself.

In another night tilt on the American league program, the Chicago White Sox dumped the Washington Senators, 4-2, as Johnny Humphries hurled five-hit ball and didn't permit a runner to get past first base after the third inning.

Whitlow Wyatt pitched and batted the Brooklyn Dodgers to a 3-2 decision over Johnny Vander Meer and the Cincinnati Reds. Wyatt held the Reds to five blows and collected one of his team's six hits, a single that brought in two runs and helped chase Vander Meer to the showers in the second inning.

While Wyatt was notching his ninth victory against two defeats under the lights at Cincinnati, the St. Louis Cardinals blanked the New York Giants, 9-0, to maintain their pace eight and a half games behind the first-place Dodgers in the National league.

Johnny Beazley shut out the Giants on six hits while his mates pounded three New York pitchers for ten blows, including two home runs, two triples and a double.

The Philadelphia Phils met a similar fate at Pittsburgh, where the Pirates whitewashed them, 9-0, in a night game for Army-Navy Relief which drew 29,488 fans and a gate of \$36,308.51.

The Boston Braves and Chicago Cubs played the longest game of the day, an afternoon affair that ended when Buddy Grenp smashed a home run in the 13th inning to give the Braves the nod, 4-3.

BASEBALL

Two supervised playground baseball teams struggled bitterly for seven innings yesterday before the John Dixon Park nine emerged the winner by a 16 to 15 count. The contest was replete with errors. The John Dixon boys muffed 10 chances while their opponents, the Truman Park West End Challengers committed 5 misplays. Walters, pitching for the winners, allowed 12 hits and struck out seven. H. Siegel gave up twelve safe blows while whiffing six. The game was played on the high school diamond.

Ward Is In Slump But Still Wins

Spokane, Wash., July 10.—(AP)—Marvin "Bud" Ward is in a playing slump and as third round matches of the Western Amateur championship got under way today he wasn't exactly a good bet to retain his title.

Between now and Sunday's 36-hole finals some of the country's topnotchers who are on their games will cross the path of the national amateur and defending western titlist.

Ward, medalist with 141 for 36 holes, won both his matches yesterday but his dizzy scrambling was alternately the despair and joy of the gallery that trailed him into woods and rough. He managed to wriggle out of most of the predicaments, thanks in part to opponents who failed to take advantage of opportunities and, in turn, three-putted or missed easy ones on the greens.

He defeated his first round rival, Otto Rosand of Spokane, 7 and 6 and followed with a 3 and 2 win over Fritz Metzger of Tacoma, Wash.

Ward's third round opponent this morning was A. F. Appleton of Seattle, a steady but not great golfer.

Former western kingpin Wilfred Wehrle of Racine, Wis., took on Warren Priem, Seattle, in the third round after a close one yesterday in which he had to beat out baseball coach A. B. "Buck" Bailey 1 up on the 19th. Bailey, a week-end golfer with a fighting spirit, earned himself fame by carrying Wehrle to an extra hole. The big fellow from Washington State college defeated veteran Chick Evans of Chicago, eight times western champion, in the first round, 4 and 3, before measuring blows with Wehrle.

Weekly Food and Marketing Letter by Mrs. George Thurn for Dixon Telegraph Readers

America is developing a pioneer type of cooking which is becoming increasingly popular in humble home and large estates. This culinary art— or hobby, is barbecuing, and it is a delightful form of hospitality because the host and hostess can enjoy this informal entertaining as much as the guests.

Whether the barbecue is staged on a limited budget, or with all the "fixings" the refreshments and the service should be in keeping with the theme of simplicity. Forget the linen napkins and Aunt Mary's hand-painted cake plate. Let everyone relax and have a good time.

There is scarcely anything in the dried or boiled line that does not taste better for being cooked out-doors over a wood fire. Many a homemaker has devised ways to bake there, too. First attempts at barbecuing will be with steaks and chops. They are standard, with a steaming pot of sweet corn or string beans cooking on the side. Probably thousands of city and suburban dwellers have built outdoor grills within the last few years, and it is a safe guess that barbecues around the home plate will be even more numerous this summer, with travel cut to a minimum.

What could be gayer than a Fourth of July barbecue, with a red checkered cloth, red paper napkins, polished red apples in a

wooden bowl, red jelly, platters of buttered rolls and cookies, and a big bowl of cabbage salad for that vitamin dividend. Even the tomato-flavored barbecue sauce fits obligingly into the patriotic color scheme.

If your garden barbecue is still to be built, an expert offers some advice on construction methods. Of course, the easy way out is to dig a pit, push in a few rocks to support the dirt and borrow the grill racks from the kitchen stove. However a permanent outdoor fireplace needs more energy than that. It should be built sturdily, although the dimensions are not important. The important thing is to provide for a good draft and a damper in the chimney.

Brick is the usual material and lucky is the man who has salvaged brick from an old fireplace or chimney or some country expedition. Cleaned old brick does well, with firebrick or the inside. Bracing iron once was found at the junkman's and a ventilated door makes the front of the barbecue. Laying brick takes some skill. The bricks should be laid as were the blocks of childhood—interlaced. A good half-inch of mortar is put between them.

Mortar can be bought at a supply house, a ready-prepared mixture of the proper portions of lime and cement to be put with the sand. Or take one part lime, one part cement and two parts sand, mix well (mix the dry ingredients, homemakers), and add just enough water so that it will handle easily and spread like creamy shortening.

Stones and rocks, gathered a few at a time, often substitute for brick and make a very attractive fireplace for all fresco meals. Start by building a form of wood, of the inside dimensions of the proposed barbecue. Rocks are piled up against this form, gradually decreasing in size. Behind and between the chinks is poured a strong cement mortar (about one part cement to two or three parts sand). The inside will be smooth and the outside rather rough.

Usually it is more convenient to have part of the top solid, to support a coffee pot, a pan of vegetables or to finish the cooking started over the open grill which covers the remainder of the wood fireplace.

By the way, the masonry must be allowed a week or more to dry out slowly, with a little wetting every day. After that, it should give a lifetime of service, if carefully constructed. If the top grill rusts, polish it with a dampened firebrick.

An old cook book, giving minute directions for barbecued pig, includes this instruction for build-

ing the pit: "Lay out your pit so that one end will be about 8 inches lower than the other. Dig the pit about 3½ feet wide and 6 feet long by 8 inches deep, with the sides of the pit perpendicular. Have three iron bars ½ inch in diameter and 4 feet long and lay across the pit for supporters. On these, lay a grate of iron window-frame about 3 feet wide on which to rest your pig."

Oak or hickory wood was suggested for the fire, and the barbecue sauce included 3 pounds of butter, 1 gallon of pure apple cider vinegar, salt, red pepper in pods and a very little black pepper.

Each state has its own ideas about the proper ingredients for a barbecue sauce. Vinegar is a standard ingredient; tomato paste occasionally substitutes for fresh tomatoes. Folks who think that beef is the only meat favored for a barbecue will be surprised to hear that spareribs, pork tenderloin, lamb, fresh pork ham, sliced ham, chicken and rabbit are equally favored. It all depends what state you are in. Virginia likes its barbecued ham and a recipe for that will be included in this week's column. Here is the Massachusetts method for barbecued sliced ham for outdoors or kitchen use:

Cut ham in thin slices. Soak in lukewarm water about 1 hour. Drain well and dry with clean cloth. Seal and cook in hot frying pan until lightly browned. Remove to serving dish and to the fat in the pan add: 3 tablespoons vinegar mixed with 1½ teaspoons dry mustard, ½ teaspoon sugar and ½ teaspoon pepper. When hot, pour over hot ham and serve immediately.

VEGETABLE VARIETY
Flavored Cauliflower
1 medium-sized cauliflower
2 tablespoons butter
2 tablespoons minced green pepper
2 tablespoons minced pimiento
½ teaspoon salt
4 tablespoons lemon juice or vinegar

Wash the cauliflower well and trim. It may be divided in quarters, to reduce cooking time, or left whole. Cook rapidly in slightly salted water until tender. Drain, reserving the water for stews or casserole dishes. Combine remaining ingredients in saucepan, heat to the boiling point, pour over the cauliflower and serve. Serves 4.

Casserole Carrots
Carrots take a little sweetening. When their natural flavor is enhanced with raisins, even the children come back for more.

½ cup seedless raisins
4 cups raw carrots, sliced
3 tablespoons butter
½ teaspoon salt; pepper
Rinse raisins well in hot water; drain. Scrape the carrots and slice very thinly. For small children, the carrots may be shredded. Mix carrots and raisins and place in a greased casserole. Dot with butter and sprinkle with salt, adding a dash of pepper, if desired. (Dry mint may be included for extra flavor.) Cover and bake about 1 hour in a moderate oven 350 degrees F. Serves 4.

JUST DESSERTS
Rice Pudding
Creamy rice pudding, prepared with milk, eggs and honey, supplies that extra energy needed on sultry days. This dessert is just as good the next day, if any remains.

2 cups cooked rice
3 cups milk
¾ cup honey, or maple syrup
3 eggs, slightly beaten
1 cup chopped raisins
Mix the rice, milk and honey.

Add the eggs, which have been slightly beaten. Stir in the chopped raisins. Pour in a well-greased baking dish and bake about 1 hour in a moderate oven 350 degrees F. Serves 6. Serve with light cream, or this sauce:

Honey Pudding Sauce
¼ cup sugar
6 tablespoons flour
½ cup honey
2 cups water
1-3 cup butter
Juice 1 lemon and 1 orange
Mix sugar and flour; add honey and water. Cook slowly in a double boiler until thickened, stirring frequently. Add butter and fruit juice. Serve hot.

"Shortcut" Orange Ice
Combine 1½ cups orange carbonated beverage, ¼ teaspoon salt, 1½ teaspoons lemon juice and 1½ tablespoons sugar. Blend well. Freeze 8 to 4 hours in automatic refrigerator.

SWEET THOUGHTS
When sugar was plentiful, preserves and jams often were sweetened too heavily. Now the suggestion is to trim the amount of sugar, cutting the usual "pound for pound" rule to three-fourths of a pound of sugar to one pound of fruit. Cook longer when the sugar is cut.

Another preserving time suggestion from the Bureau of Home Economics is that either corn syrup or honey may substitute for half the sugar called for in the regulation jam recipe. The new rule is simple: Two cups of refined white sugar weigh approximately one pound; one and one-third cups of honey or corn syrup tip the scales at the same figure.

Undaunted by rationing, one ingenious homemaker prepared her usual jars of spiced watermelon rind, using white syrup exclusively for the sweetening.

Use honey or maple syrup, instead of brown sugar, to glaze carrots, sweet potatoes or baked ham.

Honey and raisins in creamy rice pudding, minus sugar, will satisfy even the sweet tooth.

Dried peaches, apricots, peaches and pears contain 45 to 55 per of the quartet.

If you pride yourself on the lightness and delicacy of your cakes and your family favors this popular dessert, you'll be glad to add these recipes to your file.

Chocolate Potato Cake
2 cups sugar.
1 cup butter, scant.
1 cup potatoes, mashed.
3 eggs.
½ cup milk.
2 cups flour.
2 tsp. baking powder.
2 tsp. cinnamon.
2 tsp. cloves.
½ tsp. allspice.
½ tsp. nutmeg.
1 tsp. vanilla.
½ cup cocoa.
1 cup English walnuts.
Cream sugar and butter, add eggs, mashed potatoes and milk. Sift together flour, baking powder, spices and cocoa, add slowly. Add nuts and vanilla. Bake in greased loaf pan 1 hour, or in layer cake tins ½ hour.

Graham Cracker Cake
1 cup sugar.
½ cup butter.
¾ cup milk.
½ cup flour.
2 tsp. baking powder.
24 graham crackers, rolled fine.
3 eggs, beaten separately.
1 cup walnut meats, cut in small pieces.
Cream butter and sugar and mix other ingredients, taking flour and crackers alternately, adding egg whites last. Bake in round loaf cake pan, in moderate oven 25 minutes.

Quick Cake
½ cup soft butter.
1½ cups brown sugar.
2 eggs.
½ cup milk.
1½ cups flour.

Seized on Refugee Ship

Herbert Karl Friedrich Bahr, 29, German-born naturalized American citizen, arrested by FBI on espionage charges following arrival in New York on refugee ship Drottningholm. (NEA Telephoto.)

3 tsp. baking powder.
½ tsp. cinnamon.
½ tsp. nutmeg.
½ cup chopped dates.
Put all ingredients in bowl at once and beat 3 minutes.

Sponge Cake
1 cup sugar.
4 eggs.
1 cup flour.
Juice and rind of 1 lemon.
Beat egg whites until stiff, add cup sugar. Beat yolks, add to them ½ cup sugar, beating for 5 minutes. Add to yolks the juice and grated rind of lemon. Now beat well together yolks and whites. Fold in flour. Before putting in oven sprinkle tablespoon sugar on top.

Cherry Pudding
½ cup canned cherries
¼ cup butter
½ cup sugar
1½ cups flour
2 teaspoons baking powder
½ cup milk
1 egg
Cream butter and sugar; add beaten egg. Sift flour; measure; add baking powder and sift again. Add dry ingredients alternately with milk to first mixture. Add cherries which have been drained and turn into buttered pudding pan. Steam 1 hour. Serve hot with cherry sauce.

Cherry Sauce
½ cup cherry juice
3 teaspoons sugar
¾ teaspoons cornstarch
Heat juice and thicken with cornstarch which has been dissolved in a little of the juice. Add sugar.

Cottage Pudding
1 cup sugar
½ cup butter
2 eggs beaten
¾ cup milk
1½ cups flour
2 teaspoons baking powder
Cream butter and sugar; add other ingredients. Bake 20 minutes in rather hot oven.

As announced by Phil W. May, general chairman of the Rochelle USO campaign, a grand total of \$1576.94 has been collected here for the national drive. Some of the committeemen have not as yet entirely completed their work and there may be an addition to the amount at a later date, May said.

The amount collected from merchants and individuals reached \$374.30; from theater patrons, \$122.89; from employees and company of the Whitcomb Locomotive works, \$100; from employees of the Caron Spinning company, \$410.50; and from the Morgan Dye and Bleaching company employees, \$51.25; from employees of the California Packing corporation and of the Rochelle Asparagus company, \$518.00, which totals the sum of \$1576.94.

Members of the drive who helped to raise this sum were, Frank Blumenshine, William Stocking, Al Marxman, Dr. R. J. Coggeshall, president of the Rochelle Chamber of Commerce, and Dr. C. E. Motlong, civilian defense coordinator for Rochelle.

Mrs. Laura Lindgren, head of the Rochelle chapter of the Red Cross, has announced that the sewing rooms of the Central school are now available on Tuesday and Thursday of each week. Mrs. Frank Thorp has been admitted to the Lincoln hospital for treatment following a stroke which she suffered Monday.

New Addresses

Following are the new addresses just received and also one birthday among them. Be sure and write, because they are always glad to hear from their friends at home:

July 16—Corporal Lloyd Merriam, Hqs. and Hqs. Co. 3rd Battalion, 36th Armored Regiment Infantry, Camp Poik, Louisiana.

Private Muri E. Zuber, 36306623 Co. F, 127th Infantry, A.P.O. 32, care of Postmaster, San Francisco, Calif.

Pfc. Lester Politsch, 36002563, 5th Signal Co. U. S. Army, A.P.O. 705, care of Postmaster, New York City, New York.

Private Earl Prentice, Btry. D., 52nd Bn., Camp Callon, San Diego, California, Bks. 804.

Private Arthur Foster, 14th T.S.S., Chanute Field, Rantoul, Illinois.

Private Merle E. Foster, Class 41, A.A.F.T.C., Curtis Wright Field, 400 N. Paula Street, Glendale, California.

Petty Officer Orville Englehart, A. M. M. 3rd Class, U. S. N. R. A. B., Grosse Isle, Michigan.

Shower Held

The Presbyterian Ladies Aid society met at the Lucy McBride home Tuesday afternoon to honor Miss Roberta Taber with a shower. The society presented the honored guest with money and there were about 30 present for the occasion. Delicious refreshments were served and those attending the lovely shower were: Mrs. G. B. Taber and daughter, Roberta, Mrs. Dr. Ferguson, Mrs. Francis Taber and son, Mrs. I. H. Breese, Mrs. Lewis Rogers and daughter Corda, Miss Ellen Mitchell, Mrs. Ida Gorton, Mrs. Genevieve Fightmaster, Veda Radley, Mrs. Jeanette Fleming, Mrs. Frank Nangle, Mrs. S. G. Cooke, Mrs. Beele, Mrs. Harry Case, Mrs. Fred Grunderman, Mrs. Eula LaPorte, Mrs. Eden, Mrs. Lloyd, Mrs. Maude Pogue, and Mrs. Frank Wheeler.

Builder's Class

The Builders class of the Methodist church met at the Dale Rosenkrans home Tuesday afternoon. The regular meeting was held which was followed by the social hour. About 20 were present for the delightful meeting. Mrs. Dale Rosenkrans, Mrs. Oakley Durr and Mrs. Howard Schoenholz served delicious refreshments.

Personals

Logan and Alvin Kern were Thursday dinner guests at the Ivan Kern home.

Mr. and Mrs. Floyd Bryant of Holland, Michigan, Mrs. Melvin Meyers and daughter Lois and son Vaughan of Hartford, Michigan and Mrs. George Efferting visited friends in Henry Tuesday.

Mr. and Mrs. Hugh Linn and family of Chicago, spent from Friday until Monday at the Arnold Iverson home.

Mrs. Hazel Mead and daughters Helen and Doris and Frank Clemens were Saturday dinner guests at the Anton Haefner home.

Miss Mercedes Moore spent the week end in Rockford.

The Brunswick people are serving the Town alleys this week.

Mrs. Mabel Worsley is spending the week in Mendota taking care of her aunt, Mrs. Gawa.

Mr. and Mrs. Louis Shaddick and family, Mr. and Mrs. Louis Larabee and family, Mr. and Mrs. Ben Larabee and Irvington Hof, called at the Donald Larabee home in Chana Sunday.

Mr. and Mrs. Fred Lilly of Rockford spent the week end with Mr. and Mrs. Berl DeJean.

Mr. and Mrs. John Schlesinger and Mrs. Ivan Kern and son Roger attended the Lutheran Ladies

Aid picnic at the school park Sunday.

Mrs. Herman Meyer has been quite ill with the mumps, but is better at this writing.

Norma Coss is spending a few days at the Mac Firkins' home in Shabbona.

Mrs. Donald Frank of Dixon spent the week end at the home of her parents, Mr. and Mrs. Frank Ambler.

Mrs. Ernest Strong of Sycamore called on friends and relatives here in Paw Paw Monday.

Mrs. Viola Rosette, Bertha Goble, Mrs. John Ulrey, Mrs. Jesse Forman, and Mrs. Laura Gorton were Mendota shoppers Tuesday.

Mr. and Mrs. I. H. Breese and daughter Eulalia, and Mr. and Mrs. Truman Breese and son were in Wisconsin over the week end.

Bill Worsley of DuPont, Ind. spent the week end at the home of his mother, Mrs. Mabel Worsley.

Jan Prentice cut his head badly Saturday. He is much better at this time.

Eugene and Gerald Dance, of Crown Point, Ind. spent the Fourth of July with Johnny Edwards.

Joyce Tarr is quite ill with the mumps and is staying with Mr. and Mrs. Everett Linden.

Mrs. Myron Blee and Mrs. Roy Blee were Dixon shoppers Monday.

Mr. and Mrs. Hugh Linn and family and Mr. and Mrs. Arnold Iverson and son Gilbert went to the Pines Sunday.

Mr. and Mrs. Alfred Kern, Mrs. Charles Hill of Indianapolis, Ind. Logan and Alvin Kern and Rosina Wilhelm called at the Louisa Baugher home Friday evening.

Patsy Manahan has recovered from the mumps.

EXPLAINED

In explanation of the keen sight of birds, it is said that the long rays of light produced by the yellowish-red color filter in the eyes of some birds penetrates more freely through the vaporous mist and haze of the lower air levels.

Approximately ten tons of ore must be taken from diamond mines for every one-carat diamond engagement ring.

To Raise Ceiling on Fruits and Vegetables

Washington, July 10—(AP)—The Office of Price Administration has announced that ceiling prices for frozen fruits and vegetables of the 1942 crop and for jams, jellies and preserves made from the new fruit would be raised shortly.

The ceiling on peanuts and peanut butter may be discarded entirely in September, said the announcement which was issued last night.

A 15 per cent boost in the retail ceiling prices of canned and dried fruits of the 1942 pack already has been announced. Price Administrator Henderson said the increases were made because of the preferred price treatment which congress authorized for farm products and because of his inability to get a subsidy program under which the government would absorb increased costs.

TOADS FOUGHT CRICKETS

Officials of the Florida State League baseball club once turned loose dozens of toads on the ball field to combat crickets that were ruining the turf at Gainesville, Fla.

GUARDED

When bathing in London's famous lake, the Serpentine, is at its height, samples of the water are analyzed twice daily to test its purity.

Ware, Ida M.	50	Ins. Co.	85	Same, 1942	40	Elton Scholl, Tract 16, 1941	1410	Mrs. Walter Dunseth, Lt 124, 1941	50	Fluorine Gas May Prove Useful for U. S. War Efforts	By HOWARD BLAKESLEE, Wide World Science Editor, State College, Pa., July 10—Fluorine, the canary-yellow gas which is the most violently reactive chemical element known to science, has been harnessed to hydrogen to speed the making of 100-octane aviation gas and of synthetic rubber. The use of this new war aid was reported today at the Pennsylvania State College, where much of the ground work was done by Dr. Joseph H. Simons, professor of physical chemistry. Fluorine has been hard to handle. The gas will set wood afire at the temperatures of an ordinary living room. It dissolves glass, all because it combines, or reacts too readily with other chemicals. The fluorine-hydrogen combination developed at State College is a liquid, which starts boiling at 70 degrees Fahrenheit. Its war importance comes from the fact that yellow fluorine is a near relative, chemically, to chlorine, which in its natural state is a green gas, well known as a World War poison gas, and also as a water purifier and occasionally as a remedy for common colds. Chlorine is one of the strategic chemicals, which is sharply rationed because it has been difficult to get enough. Fluorine, properly curbed by combination with other chemicals, will do many of the jobs handled by chlorine. One of these is in production of high-octane aviation gasoline. Used there as a catalyst, replacing chlorine and aluminum, it will be the basis of a new chemical process for 100-octane fuel in several refineries now building. The fluorine-hydrogen combination is also useful as a substitute for chlorine and aluminum in producing the type of synthetic rubber for tires upon which the U. S. government is principally concentrating. The hydrogen fluoride can be made cheaply, and in large quantities. The fluorine comes from fluorspar, a mineral which is plentiful in the United States. There is no prospect of a hydrogen shortage.

There is no prospect of a hydrogen shortage.
Weems, Della	20	Pennsylvania Fire Insurance Co.	25	Same, 1942	600	Elton Scholl, Tract 16, 1941	1410	Carl Blum, Sub lot 2, Blk 47, 1942	1010	Fluorine Gas May Prove Useful for U. S. War Efforts	By HOWARD BLAKESLEE, Wide World Science Editor, State College, Pa., July 10—Fluorine, the canary-yellow gas which is the most violently reactive chemical element known to science, has been harnessed to hydrogen to speed the making of 100-octane aviation gas and of synthetic rubber. The use of this new war aid was reported today at the Pennsylvania State College, where much of the ground work was done by Dr. Joseph H. Simons, professor of physical chemistry. Fluorine has been hard to handle. The gas will set wood afire at the temperatures of an ordinary living room. It dissolves glass, all because it combines, or reacts too readily with other chemicals. The fluorine-hydrogen combination developed at State College is a liquid, which starts boiling at 70 degrees Fahrenheit. Its war importance comes from the fact that yellow fluorine is a near relative, chemically, to chlorine, which in its natural state is a green gas, well known as a World War poison gas, and also as a water purifier and occasionally as a remedy for common colds. Chlorine is one of the strategic chemicals, which is sharply rationed because it has been difficult to get enough. Fluorine, properly curbed by combination with other chemicals, will do many of the jobs handled by chlorine. One of these is in production of high-octane aviation gasoline. Used there as a catalyst, replacing chlorine and aluminum, it will be the basis of a new chemical process for 100-octane fuel in several refineries now building. The fluorine-hydrogen combination is also useful as a substitute for chlorine and aluminum in producing the type of synthetic rubber for tires upon which the U. S. government is principally concentrating. The hydrogen fluoride can be made cheaply, and in large quantities. The fluorine comes from fluorspar, a mineral which is plentiful in the United States. There is no prospect of a hydrogen shortage.

Steward

The Mighty Pleasant group of the W. S. C. S. met at the home of Mrs. R. Kugler Wednesday afternoon with Mrs. Ollie Halsne as the assisting hostess.

The Happy Hour group of the W. S. C. S. will meet at the home of Mrs. Orville Byrd next Tuesday evening, July 14.

The "Both of Us" class of the Sunday school will hold their social party in the church parlors Friday evening.

The Misses Lorraine and Lillian Hanson of Flag Center and Judson Calhoun of Champaign, Ill., were dinner guests Sunday of Mr. and Mrs. Harry Andes and Mr. and Mrs. A. Hanson.

Miss Barbara Ewald spent Monday night here at the home of her grandparents, Mr. and Mrs. Martin Ewald.

Mr. and Mrs. Harold Ross and son Charles spent the Fourth at the Pines and in Kirkland.

Mrs. Dorothy Stunkel and daughter Donna spent from Thursday to Saturday in Rockford at the home of her brother and wife, Mr. and Mrs. Howard Gunderson.

Mr. and Mrs. Harry Macklin and family spent the Fourth at the home of Mr. and Mrs. Earl Beck at Paw Paw.

Mrs. Harry Andes and Mrs. R. A. Hanson were visitors in Rockford Thursday afternoon.

Mr. and Mrs. John Teece and daughter Muriel Kay were dinner guests Sunday at the home of her parents, Mr. and Mrs. John Reynolds at Paw Paw.

Mr. and Mrs. Harry Macklin and family spent last Thursday and Friday at Grand Detour.

Miss Nancy Ewald spent last Wednesday and Thursday here at the home of her grandparents, Mr. and Mrs. Martin Ewald.

Mr. and Mrs. Leslie Boomgard and family of Monroe Center spent Sunday here at the home of Mr. and Mrs. Fred Weinreich.

Mr. and Mrs. Glenn Macklin and daughter Patsy spent the week end and holiday at the lakes in Wisconsin.

Mrs. John Reynolds and daughter Muriel of Paw Paw spent last Thursday at the home of Mr. and Mrs. John Teece.

Mrs. R. Knight of Shabbona spent Monday night here at the home of Mr. and Mrs. James Miner.

Mrs. Perry Beitel and daughter Jeanne and Mrs. A. C. Rapp and daughter Ruth were visitors in DeKalb last Friday afternoon.

Mrs. Floyd Stein received word of the death of her father, Lee Campbell at his home in Sycamore Monday morning. The funeral was held Wednesday afternoon in Sycamore.

Mr. and Mrs. Charles Hare and family and Mr. and Mrs. J. J. Macklin and sons spent the week end at Grand Detour.

Mr. and Mrs. George Hewitt of Amboy and Mr. and Mrs. E. C. Lutz of Rock Falls spent the Fourth here at the home of Mr. and Mrs. Frank Hewitt.

Mr. and Mrs. Charles Hess left Thursday noon for St. Louis, Missouri, to visit at the home of Mr. and Mrs. Russel Grove there for a few days.

Mrs. B. Chambers and nephew Wayne Rednour left last Thursday to visit relatives in Tennessee and also visited her son Ralph at Fort Knox, Kentucky.

Mr. and Mrs. Raymond Johnson and daughter Shirley spent from Friday to Sunday evening with relatives in Maquoketa, Iowa.

Mr. and Mrs. George Ackland were dinner guests Sunday of Mr. and Mrs. Lloyd Ewald of Rochelle.

Mrs. M. M. Fell and Mrs. Otis Hough attended a brush demonstration held last Tuesday evening at the home of Mr. and Mrs. Sanderson, east of Steward.

Mr. and Mrs. L. D. Hemenway were visitors Sunday afternoon at the home of Mr. and Mrs. Raymond Chambers near Big Rock.

Mrs. Gertrude Cook and daughter Florence returned home Monday evening from their trip to Denver, Colorado.

Mr. and Mrs. Mortie Smith of Rockford spent the Fourth here at the home of Mrs. Ella Shearer.

Mr. and Mrs. Frederick Lee, Jr., and daughter and Mr. and Mrs. Wendell Hough and daughter of Rockford and Mr. and Mrs. Herman Mitchell and family and Mrs. Lulu Hayes of Kings spent the Fourth here at the home of Mr. and Mrs. Otis Hough.

Mr. and Mrs. Andrew Larson spent Friday at the home of Dr. and Mrs. Axel of Lee.

Mrs. Jerry Daum of Plano spent Monday night here at the home of Mr. and Mrs. Tom Daum, as Jerry Daum left Monday for Camp Grant to enter the army service.

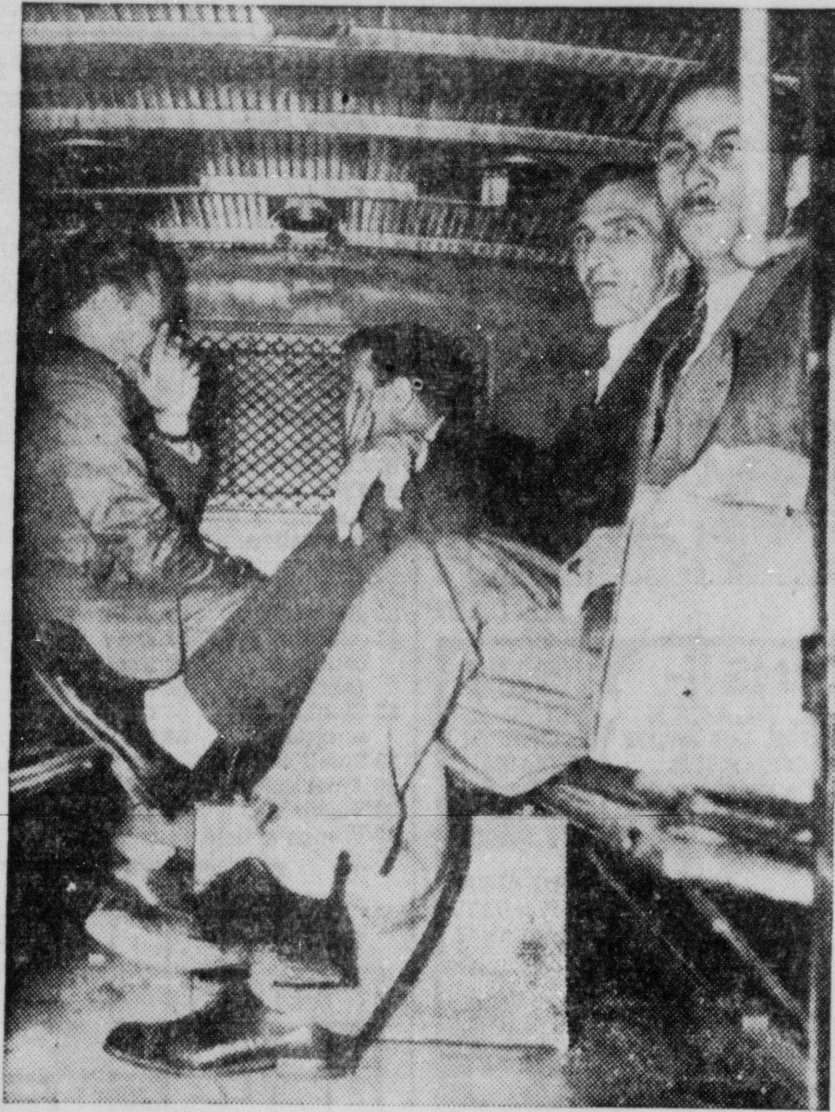

Mrs. John Phipps and son Ned returned home Saturday evening from spending a few days at the August Montague home in Chicago.

Miss Rogene Stein of Rochelle spent the week end at the home of Miss Jeanne Beitel.

Methodist Church
Hughes B. Morris, minister.
10:00, Sunday church school.
11:00, Family worship service.
7:00, Methodist Youth Fellowship.

We have made a splendid start on our new conference year. We are beginning our third year together and there is much in store for us. A very helpful and interesting series of summer services

Held in Roundup of Bundists

Four leaders of the German-American bund on their way to arraignment in federal court, New York, on alien registration and draft evasion charges. Left to right: August Klapproth, William Luedtke, Ernest Christoph, and Max Rapp. (NEA Telephoto.)

is being planned and put into action.

July 19th will be the annual church school picnic. Following the morning service we will adjourn to the picnic where all will find a hearty welcome and a prepared good time.

The following committees were elected by the board of education to serve for the picnic:

Chairman of the food committee: Mrs. J. O. Totten.

Table and chair committee: Arnold Arne and class.

Games: Mr. Morris.

Finance: An offering at the picnic.

There will be plenty of ice water at the picnic.

Mrs. Ed Johnson and granddaughter Florence Brown spent the week end in Rochelle at the homes of Mr. and Mrs. Bob Sexton and Mr. and Mrs. J. Jacobson.

Mr. and Mrs. Harry Macklin and family and Mr. and Mrs. R. Kugler and Mr. and Mrs. Kenneth Wendt and children and Mr. and Mrs. Will Wendt of Rochelle spent Sunday at the Pines.

FIREMEN BREAK RULE
Kansas City, July 10—(AP)—Firemen broke a rule against rural runs, but considered the emergency justifiable.

An automobile caught fire and the owner couldn't rescue the tires. Firemen, after their eight-mile run, saved two of them.

Charter No. 13856 Reserve District No. 7
REPORT OF CONDITION OF THE CITY NATIONAL BANK IN DIXON

Of Dixon, in the State of Illinois, at the close of business on June 30, 1942, published in response to call made by Comptroller of the Currency, under section 5211, U. S. Revised Statutes.

ASSETS
Loans and discounts (including \$85.55) overdrafts \$ 532,692.57

United States Government obligations, direct and guaranteed 876,118.45

Obligations of States and political subdivisions 55,479.19

Other bonds, notes and debentures 157,097.74

Corporate stocks (including \$3,800.00 stock of Federal Reserve Bank) 3,800.00

Cash, balances with other banks, including reserve balance, and cash items in process of collection 1,301,462.76

Bank premises owned \$42,000.00, furniture and fixtures \$3,976.31 45,976.31

Mrs. Full — 3 Rings on 173

Joanne Wheelis of Rockford is spending her summer vacation with her aunt and uncle, Mr. and Mrs. Earl Kennedy.

Carlee, Conrad and Charles Aschenbrenner entertained a few of their friends at a party on Tuesday. After the entertainment refreshments were served by Mrs. Aschenbrenner.

Mrs. Henry Smith, Mrs. Marcus Fritsch, and Donnie Donoho were guests of Mrs. Edward Suppes in Somanauk on Tuesday and Wednesday.

Private Stanley Goode of Rantoul was home on Sunday to visit his family.

Private Ted Morris, formerly an aviation mechanic at Lowry Field, Colorado, has now been assigned as a flying cadet in San Antonio, Texas.

William McCracken has gone to Bloomington, Ind. to attend his father's funeral.

WILL FIGHT METERS

Lincoln, Ill., July 10—(AP)—A group of retail merchants opposing installation of parking meters in the city's business district engaged counsel yesterday and announced they would start injunction proceedings. The city council voted March 15 to install 200 meters.

OREGON
MRS. A. TILTON
Reporter
Phone 152-Y
If You Miss Your Paper Call
James Reilly 272-X

Thomas Dellach returned Tuesday to Detroit, Mich., after spending several days with his cousin, Mrs. Frank Gecan and family.

Mr. and Mrs. William Cannon and two children of LaSalle and Mr. and Mrs. Edward Jones of Amboy were Sunday visitors at the Daird Jones home. The Cannons, former Oregon residents, have recently moved from Guyton, Okla., to LaSalle.

Mr. and Mrs. Earl Morningstar of Byron have purchased the residence of the late Charles Wilson. Mr. and Mrs. Charles Green, who occupied the place, moved Thursday to the residence at the corner of Fifth and Madison streets.

Mr. and Mrs. E. D. Landers attended a birthday dinner in Kirkland Tuesday evening for A. W. Ault.

Robert Kappelin who recently completed a course in airplane work in Chicago is employed in an airplane factory in Akron, Ohio.

Mr. and Mrs. Harry Maynard of West Allis, Wis., were week end visitors of Oregon relatives. They have sold their home in Wisconsin and expect soon to go to Florida to make their home.

Mrs. Minnie Smith entertained at a family dinner for them Sunday and among the guests were Mr. and Mrs. Charles Kewish of New Milford, Mrs. Vera Pentz, Mr. and Mrs. Alden Pentz and family of Rochelle.

Kenneth Corcoran has been confined to his home for several days following a heart attack.

Mrs. John O'Malley and daughter Florence and Mrs. Fred Seaholm of Chicago were guests Tuesday of Mrs. Mabel Winter.

Mr. and Mrs. Elmer Riley returned Tuesday from a vacation trip through Iowa and Nebraska and visited Mr. and Mrs. Harold Myers at Loveland, Colo. They sold their car in Denver, Colo., and returned home on the Zephyr.

Mrs. Nora Waldie entertained a 500 card club Tuesday at luncheon at Johnson's cafe. The party then went to the home of Mrs. Edward Murdock for an afternoon of cards.

Mrs. Sylvan Long received a wire Tuesday from her husband who is in the U. S. Navy and has been stationed at Bremerton, Wash., that he was being transferred from there, destination unknown.

Oregon relatives and friends are in receipt of word from Harry Hardesty who has been stationed at Pensacola, Fla., that he was being sent overseas.

Captain and Mrs. Samuel Adler and son David have been transferred by army orders from St. Charles, La., to Lonoke, Ark., near Little Rock, where he has been appointed post surgeon at the new air glider school.

Mr. and Mrs. Charles Green were visited the past week by the latter's sister and husband, Mr. and Mrs. Glen Hadden of Birmingham, Mich. Miss Marjorie Green accompanied them home for a week's visit.

Robert Thibault, eldest son of Dr. and Mrs. G. D. Thibault has joined the U. S. Navy and is at Great Lakes Training Station.

Mr. and Mrs. Robert Colson are visited by her brother, Ray Tuitman of Chicago.

Donald and Marilyn Colson are spending the week with their grandparents, Mr. and Mrs. John Tuitman in Chicago.

Mrs. A. J. Behr of Chicago is a guest of Mrs. Louis Auslander.

Mr. and Mrs. Forrest Francis are parents of a son born July 2.

Jack Keist is spending the week with his aunt, Mrs. H. K. Baurenfeind and family at Oak Park.

Willkie to Ask Right to Visit War Areas

New York, July 10—(AP)—Wendell L. Willkie, 1940 Republican presidential candidate, said today that he would seek official consent to visit the battlefields of Australia, China, Russia and other United Nations.

He did not indicate in what capacity he would make such a trip—as a civilian or an official observer—but it was understood he wanted to see at first hand conditions in the war areas.

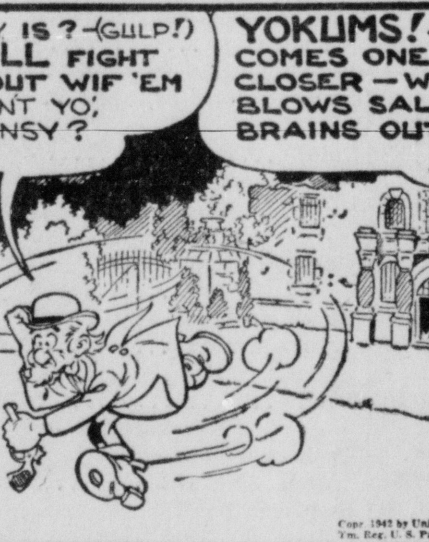

The average American family eats about 300 loaves of bread annually.

William L. Pontius, William Pontius, Goldie Coleman, Louis R. Berrettini, Caroline M. Berrettini, and Franc L. Ingraham, Administratrix of the Estate of Rebecca Pontius, deceased, Defendants.
Affidavit of non-residence of William L. Pontius and William Pontius impleaded with the above defendants having been filed in the office of the Clerk of the Circuit Court of said County, notice is therefore hereby given to the said non-resident defendants that the plaintiffs filed their complaint in said Court on the 3rd day of July A. D. 1942, and that thereupon a Summons issued out of said Court, wherein said suit is now pending, returnable on the First Monday in the month of August A. D. 1942, as is by law required. Now, unless you, the said non-resident defendants above named, William L. Pontius and William Pontius file your answer or otherwise make your appearance in said cause in said Court, held in the Court House in the City of Dixon, Illinois, on or before the Third Monday in the month of August A. D. 1942, the said plaintiffs may take judgment against you by default.
E. S. Rosecrans, Clerk.
Dixon, Illinois, July 3rd, A. D. 1942.
A. H. Hanneken, Complainants' Solicitor, Dixon, Illinois.

Our Boarding House With Major Hoople Out Our Way By Williams
ARE YOU DELIRIOUS, BROTHER? COL. SHEPWHISTLE'S HORSES HOLD ALL THE COUNTY FAIR RECORDS!
Pshaw! That doesn't shant an old harness man like me! I'd wager a cool \$100 war bond my peerless Trotter Drednaught would scurry away from any of his cronies like a fox fleeing the hounds!
I heard that last toot of yours, Major, and if you're not snoring I'll take the bet!
Awpe! Spitt-t! How's that?
WELL, WHAT COULD HE DO?
RIFLE MACHINES! I THOUGHT ARSENALS DONE ALL THAT GUN STUFF—WHAT! THEY DO WITH ALL THAT MACHINERY OVER THIS JUNK... JUST JUNK!
HAH! HERE'S A GUY WHO'S WORRYIN' ABOUT WHAT'S GOIN' TO HAVE FER SUPPER WHILE HE'S EATIN' HIS LUNCH! KEEP THAT UP AND YOU'LL BE JUNK BEFORE IT'S OVER!
WORRY IS AS BAD AS BOMBS! MINDS ME OF A GUY WITH A TOOTHACHE SHOPPIN' FER A COFFIN—THE ONE THAT FITS CURES TH' TOOTHACHE BUT GIVES HIM HEART TROUBLE!

BATTLESHIP MINDS
Ernest Lindley and Forrest Davis, writing in the Ladies' Home Journal, tell the amazement with which President Roosevelt, Secretary of the Navy Knox, and the navy command at Hawaii received the news of the Jap attack on Pearl Harbor. The implication, not too difficult to detect, is that Pearl Harbor might have been a different story if these gentlemen, and Prime Minister Churchill with them, were not so pre-occupied with fantasies about the invulnerability of the battleship.
The account of "How War Came," evidently based on confidences of the president and access to state department files, tells how Mr. Roosevelt and Mr. Churchill at their Atlantic conference aboard a warship in August, 1941, foresaw a Japanese attack, but relied on Mr. Roosevelt's diplomacy to hold it off for three months. Mr. Roosevelt is represented as arguing that both the United States and Britain would

be better prepared by then in the Pacific and as saying, "I think I can baby them (the Japanese) along for three months."
The president, bargaining for three months, actually got four, for the period of grace was up in the middle of November, while the attack came Dec. 7. But after time had run out no sense of alarm can be perceived in the conduct of Mr. Roosevelt and Secretary Knox as it is depicted by Lindley and Davis. They remained serene, even though the uncompromising note handed the Japanese ambassadors by Secretary of State Hull Nov. 26, two weeks after the deadline, was calculated to precipitate decisions that might be fateful in the extreme, and indeed were.
The explanation of this strange state of mind is to be sought in the lullabies those concerned had been singing to themselves. It might have been better for us if the president and Mr. Churchill had held their conversations in a flying fortress or a balloon, but it is symptomatic of their fundamental prejudices that they did meet on a warship in the Atlantic. Both by background were navy men. Mr. Churchill, a former first lord of the admiralty and Mr. Roosevelt a former assistant secretary of the navy during World War under Josephus Daniels, a hot defender of the battleship. The navy to both meant surface craft, and among surface craft both had a temperamental inclination toward battleships.
Thus the precautionary measure taken by Mr. Churchill as the Jap moves in Indo-China toward Singapore grew more threatening was to dispatch two big ships, the battleship Prince of Wales and the battle cruiser Repulse, to those waters. The battleship minded President and his surface craft admirals had part of the fleet at Pearl Harbor. It is apparent that they thought it was safe there even though the division of our navy invited the Japanese to attack with a superior force.
The elements in this thinking were that the fleet was sheltered back of the submarine net and under the coast defense batteries, and that Pearl Harbor was a long way from Japanese naval bases. The president and his secretary of the navy and their admirals did not envision air attack. According to the Roberts report, the last time that possibility had been discussed was more than 10 months before, when Secretary Knox mentioned it in a message to the commanders in Hawaii. It seems that the risk of air attack was considered so remote that even such aircraft carriers as were based on Pearl Harbor were away on the day of the attack.

It thus appears that Adm. Kimmel was more mistaken than remiss in the failure on Dec. 7, and somewhat the same judgment applies to the army commanders who had not learned to appreciate what bombers could do to planes on runways. The thinking of the responsible commanders on the ground was keyed to that of their superiors in Washington, and the same could be said in defense of the British admirals who steamed Mr. Churchill's warships into the China sea without a cover of air protection, only to have them sunk.
Lindley and Davis show how flabbergasted the administration leaders were at the manner in which the attack came. Secretary Knox, who had attested that morning in his annual report that the "navy was ready," received word of the attack as he was about to depart on a routine visit to the Washington navy yard. When the message was handed him by Adm. Stark, chief of naval operations, all he could think to say was, "What does this mean?"
Mr. Roosevelt received the news as he was lunching off a tray in the White House while Harry Hopkins lounged near by in a sweater and slacks. "Mr. Roosevelt expected war—but not on this week-end," Lindley and Davis comment. "Mr. Roosevelt had dedicated this day to rest. He hoped to catch up with his neglected stamp collection." When Mr. Knox reported the attack, the president, "interrupted unbelievably" with the exclamation, "No!"
Forty-two hours later, the authors say, Mr. Knox, "filled with a consciousness of his share in the responsibility," was on his way to Hawaii. "That was an expiatory mission, and so regarded by the chief of the navy." There is no intimation that anybody else was willing to confess any need for expiation and, anyway, the Roberts report was shortly to make Adm. Kimmel and Gen. Short the goats.—Chicago Tribune.

TALL WHEAT TALE
Garden City, Kas., July 10—(AP)—Tall wheat tale from southwestern Kansas:
Farmers are blaming an unusually large number of field fires on the exceptionally high wheat. Exhaust pipes of automobiles and trucks ignite stubble which ordinarily is too short to reach them.
NO COMMON DATE
Arbor Day has no common observance date in the United States since the best tree-planting date varies throughout the country.

News of the Churches

**GEMS OF THOUGHT
HIGHER JOYS**
The most profound joy has more of gravity than of gaiety in it. —Montaigne.

Tranquil pleasures last the longest; we are not fitted to bear long the burden of great joys. —Bovee.

Great joy, especially after a sudden change of circumstances, is apt to be silent, and dwells rather in the heart than on the tongue. —Fielding.

Be faithful over home relations; they lead to higher joys; obey the Golden Rule for human life; and it will spare you much bitterness. —Mary Baker Eddy.

Joy is an elation of spirit—of a spirit which trusts in the goodness and truth of its own possessions. —Seneca.

Who bathes in worldly joys, swims in a world of fears. —Phineas Fletcher.

FIRST CHURCH OF CHRIST SCIENTIST

321 West Second street.

EAST JORDAN U. B. CHURCH

A new emphasis is being given to the work of the rural church and its place in community life. The East Jordan United Brethren church has been for a number of years a strong rural church and has promoted a vital church program for rural folk.

The church has invited as their guest, Dr. O. O. Arnold of Dayton, Ohio. He is the national chairman of the Rural Life Commission for the United Brethren denomination and is also associate editor of Sunday school literature. He has been a very successful pastor of rural churches during the past years. His sermon theme for the morning worship hour will be "Building the Church". An afternoon service will be held at 2:30. The theme for his address will be "The Church and Rural Life." The community is cordially invited to hear him.

TENT REVIVAL

First and Van Buren
Mat. 5:20, For I say unto you, that except your righteousness shall exceed the righteousness of the scribes and Pharisees, ye shall in no case enter the kingdom of heaven. God is a God of holiness and will not endure sin. I John 3:8, He that committeth sin is of the devil; for the devil sinneth from the beginning. For this purpose the Son of God was manifested, that he might destroy the works of the devil. It is not churchness that you need but salvation through the blood of Christ.

Rev. C. W. Safford, one of the instructors of the Great Lakes Bible Institute, is with us in the tent revival. Rev. Safford was a Baptist minister for thirty years before he became affiliated with the Assembly of God church Miss Martha Safford, an instructor in the Bible Institute, is in charge of the music at the tent.
Pastor, Evan. Roy L. Buckley.

ELDENA EVANGELICAL CHURCH

the lawn at 1010 Fargo ave. The regular meeting will follow.

Wednesday, 7:30 p. m., the Senior Luther League will meet at the church. Bob Heckman will have charge of the meeting. Topic, "More Danger Spots."

It has been decided that during the month of August the Early Divine worship service will be combined with the regular worship service. Consequently there will be only one service and that will be held at 10:15 instead of 10:45 a. m. The sessions of the Sunday school will commence at 9:00 a. m. instead of 9:30 a. m. Pleasentote that this schedule is only for the month of August. It goes into effect August 2nd.

BETHEL UNITED EVANGELICAL CHURCH

N. Galena and Morgan streets.
Rev. R. S. Wilson, pastor.

9:45 a. m., Bible school; S. E. Walker, superintendent.

10:45 a. m., Morning worship and sermon; subject, "Healing Peter's Mother-in-Law."

6:45 p. m., Three Young People's societies.

7:30 p. m., Evening Gospel service; subject, "The Value of Works."

Wednesday, July 15, prayer service, followed by choir rehearsal.

Thursday, July 16, 7 p. m., Boy Scout Troop No. 85 will meet at church. Plans will be made for camping July 20-22. Every boy desiring to camp should be present for instructions.

Thursday, July 16, 7:30 p. m. Women's Missionary society will hold monthly meeting at home of Mrs. Carl Hess, 611 Palmyra street.

Annual Sunday school picnic will be held at Lowell park, Saturday evening, July 25.

FIRST PRESBYTERIAN

E. Third street at Galena avenue.
Rev. Herbert J. Doran, pastor.

9:30 a. m. Church school with classes for all ages.

10:45 a. m. Morning worship; theme, "Sealed Orders." The Sacrament of the Lord's Supper will be observed at this service. All Christian people are invited to share in this communion service.

Guests are welcome at the services of this church. If you have no other church home in Dixon, we invite you to worship with us.

FIRST BAPTIST CHURCH

J. H. Hughes, D. D., pastor

T. R. Mason,

Sunday school superintendent.

Services for Sunday, July 12, begin with Sunday school at 9:45.

Our Bible school is completely graded, including a mixed class for young people and a class for young married couples.

Morning worship is at 10:45.

Dr. Hughes will speak on "Christ's Call to Believers." Due to the pastor's recent illness, no regular evening service will be held, but the young people's meeting at 7:00 will be open to the public, and friends will have the opportunity to hear an interesting speaker.

The regular mid-week worship hour will be Wednesday evening at 7:30. The pastor will be in charge. Newcomers to the city are cordially invited to attend these services.

FIRST METHODIST CHURCH

Second street at Peoria avenue

Floyd L. Blewfield, D. D., pastor

9:45 a. m.—The church school with a department and class for every age group making it a real family school of Christian education.

10:45 a. m.—The church service. Dr. Blewfield will be in charge and will preach on the subject "Self Encouragement", taking for his text the words "But David encouraged himself in the Lord his God." I Samuel, 30:6.

The special music for this service will consist of two vocal

solos. Charles Swim will sing "A Spirit of God", (Neidlinger) and Mrs. Ronald Martin will sing "Fear Ye Not, O Israel" (Buck).

Crawford Thomas will preside at the organ and will play as special numbers "Festival March" (Read), "A Summer Morning" (Kinder) and "Postlude" (Ford).

This is the kind of service that you will be proud to bring your week-end guests to, no summer make-shift but an honest-to-goodness church worship service and sermon in a setting of garden flowers.

FIRST CHRISTIAN CHURCH

R. W. Ford, minister

The church at worship, 9:30 a. m. Sermon topic: "Humility".

The church at study, 10:25 a. m. James G. Leach will teach the combined adult classes.

The annual business meeting of the congregation will be held following the morning services at 11:00 a. m. Dr. C. F. Smith, president of the church council, will preside.

The Clinton Fahmney memorial class will have a picnic dinner on Sunday, at noon, at Lowell park.

Wednesday—Ladies' Aid society, with luncheon at noon.

Next Sunday, the Progressive class will hold its monthly meeting at the home of Mr. and Mrs.

• SUNDAY SCHOOL LESSON

Parables Warn That Essence of Sin Is Disobedience to Divine Truths

Text: Genesis 3:1-13, 23, 24
By WILLIAM E. GILROY, D.D.
Editor of Advance

What we get out of this lesson depends greatly upon the spirit and manner in which we approach it. Few passages in the Bible have suffered more from the failure of readers to remember that the Bible is an eastern book, full of imagery and symbolism, in which truth is often expressed in stories the nature and effect of which are entirely missed if one insists upon reading and interpreting them in terms of crude western literalism.

We are familiar with this in

Don Stauffer, picnic dinner at noon.

DIXON STATE HOSPITAL
Service, Sunday, July 12, 1942.
Rev. R. W. Ford in charge.

WEST SIDE CONGREGATIONAL CHURCH

Theodore DeBoer, pastor

The two Sunday evening services will be conducted by a group of 40 young people coming from the Moody church in Chicago. They are furnishing all kinds of well as the speakers for the evening.

They will be in charge of the musical and vocal numbers as young people's meeting at 7 o'clock and the regular Sunday evening service at 8 o'clock. Everybody is welcome to these two meetings which should prove very inspiring.

Sunday morning the Sunday school begins at 9:30 o'clock. The contest is well on the way, so come and find out what part you have in it.

The morning worship hour commences at 10:45 o'clock. The pastor will continue his studies from the Old Testament scriptures with the aid of the large chart. The subject is, "Who are the Sons of God in Genesis 6:2?"

Monday evening the semi-annual business meeting of the church will be conducted after a fellowship supper has been served at 6:30 p. m. Every member is expected to be present with a dish to share.

Wednesday evening the regular mid-week meeting is conducted with Bible study and prayer. The service begins at 7:30 o'clock. The senior choir rehearsal begins at 8:30 o'clock.

the stories called parables, and we realize that they have a very real teaching apart from any question of liberalism. The story, for instance, of the woman with the 10 pieces of silver who lost one does not depend upon whether in an actual place at a precise moment the thing happened in real life. It is the sort of thing that may happen at any time. So, also, a parable like that of the Prodigal Son lives through the ages because it is so true to life, independently of whether it happened to an actual father and an actual son, in an actual place, at a definite time, and according to other literalistic details. In fact, when one interprets such stories with narrow literalism they tend to lose their larger truth and meaning to become just stories and nothing more, whereas it is their moral and spiritual teaching that is important.

This is particularly true of a passage like this concerning the origin of sin in which a serpent plays an important part. Here, in a story, decidedly eastern, the writer has expressed some very real facts concerning sin, the nature of which we may miss altogether if we read the narrative with crude literalism.

What are the ideas that the writer has expressed in this story? First of all is the fact that sin has its origin in disobedience. This does not mean that all disobedience is sin, because there are sometimes commands and rules that have no justification in reason or morals. But, nevertheless, the essence of sin is disobedience to divine truth and divine law.

The eating of the forbidden fruit of the tree is represented as bringing in the knowledge of good and evil. This has led some to suggest that the fall was a fall upward, but the question is still important whether the knowledge of good and evil was necessarily associated with the choice of evil and the yielding to temptation. One sees evidence in the world that the fall was a real fall, and

that sinful disobedience does visit upon man tragedies of suffering and degradation.

It is well to read this story of the origin of sin along with the passages in these early narratives that show quite plainly what sin did to those who chose the wrong way. It is from these early passages that there comes the warning to man, enforced by the experience of every succeeding generation, "Be sure your sin will find you out."

RESOURCES "AMPLE"

Springfield, Ill., July 10.—(AP)—The state insurance department reported today that an examination of the Industrial Casualty Insurance Company of Bloomington disclosed that the cash resources of the concern were "ample for current operating requirements."

The 1939 tuberculosis death rate in Ohio was 44.1 per 100,000 of the population.
